Ruskin Bond s empathy with nature and his love for animals comes through in this unique collection of stories and poems. The book is beautifully designed and illustrated.

Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. At the heart of the story is Wanda Petronski, a Polish girl in a Connecticut school who is ridiculed by her classmates for wearing the same faded blue dress every day. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again." This powerful, timeless story has been reissued with a new letter from the author's daughter Helena Estes, and with the Caldecott artist Louis Slobodkin's original artwork in beautifully restored color.

This eBook edition of "Ode to a Nightingale" has been formatted to the highest digital standards and adjusted for readability on all devices. "Ode to a Nightingale" is either the garden of the Spaniards Inn, Hampstead, London, or, according to Keats' friend Charles Armitage Brown, under a plum tree in the garden of Keats House, also in Hampstead. According to Brown, a nightingale had built its nest near his home in the spring of 1819. Inspired by the bird's song, Keats composed the poem in one day. It soon became one of his 1819 odes and was first published in *Annals of the Fine Arts* the following July. "Ode to a Nightingale" is a personal poem that describes Keats's journey into the state of Negative Capability. The tone of the poem rejects the optimistic pursuit of pleasure found within Keats's earlier poems and explores the themes of nature, transience and mortality, the latter being particularly personal to Keats. The nightingale described within the poem experiences a type of death but does not actually die. Instead, the songbird is capable of living through its song, which is a fate that humans cannot expect. John Keats (1795-1821) was an English Romantic poet. The poetry of Keats is characterized by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analyzed in English literature.

In *Going to Extremes* writer, presenter and Oxford geography don Nick Middleton visits Oymyakon in Siberia, where the average winter temperature is -47 degrees and 40% of the population have lost their fingers to frostbite while changing the car wheel. Next he travels to Arica Chile where there have been fourteen consecutive years without a drop of rain and so fog is people's only source of water. Going from the driest to the wettest, he visits Mawsynram in India which annually competes for the title with its neighbour Cherrapunji. However, Nick discovers even here, that during the dry season, there is water shortage and one entrepreneur has started selling it bottled. Finally his journey takes him to Dalol in Ethiopia known as the 'hell hole of creation' where the temperature remains at 94 degrees year round. Here Nick will join miners who work all day with no shade, limited water and no protective clothing. The book and series consider how and why people live in these harsh environments. How does Nick's body react to these contrasting extremes? He looks at the geographical and meteorological conditions. He meets local characters and discovers the history of these settlements to find out how they ever became populated. He looks at the way both the population, and the flora and fauna, have adapted physically to the climate, and also considers the psychological impact of living under such conditions.

President James Madison's call to arms against Great Britain provoked

outpourings of patriotic fervor and vigorous—some said treasonous—domestic opposition.
