- Clear exam with good grades using thoroughly Researched Content by experts.

The Hornbills Vintage

Hornbills are among the world ’ s most distinct birds. Easily recognized by their oversized beaks adorned with large casques, they range from Africa to India and throughout Asia. One of the oldest bird orders, they have been known to mankind for millennia and loom large in the mythology of indigenous cultures of tropical Asia. In the past thirty years, ecologists have uncovered many fascinating aspects of hornbill biology, from their unique nest-sealing behavior to their roles as farmers of the forest. Building on fourteen years of research, Margaret F. Kinnaird and Timothy G. O ’ Brien offer in Ecology and Conservation of Asian Hornbills the most up-to-date information on the evolution, reproduction, feeding ecology, and movement patterns of thirty-one species of Asian hornbills. The authors address questions of ecological functionality, ecosystem services, and keystone relationships, as well as the disturbing influence of forest loss and fragmentation on hornbills. Complemented by superb full-color images by renowned photographer Tim Laman that provide rare glimpses of hornbills in their native habitat and black-and-white illustrations by Jonathan Kingdon that highlight the intriguing aspects of hornbill behavior, Ecology and Conservation of Asian Hornbills will stand tall in the pantheon of natural history studies for years to come.

**The Conservation Biology of Tortoises** University of Chicago Press

With coverage of current issues and emerging trends, Fowler’s Zoo and Wild Animal Medicine, Volume 7 provides a comprehensive, all-

new reference for the management of zoo and wildlife diseases. A Current Therapy format emphasizes the latest advances in the field, including nutrition, diagnosis, and treatment protocols. Cutting-edge coverage includes topics such as the "One Medicine" concept, laparoscopic surgery in elephants and rhinoceros, amphibian viral diseases, and advanced water quality evaluation for zoos. Editors R. Eric Miller and Murray E. Fowler promote a philosophy of animal conservation, bridging the gap between captive and free-ranging wild animal medicine with chapters contributed by more than 100 international experts. The Current Therapy format focuses on emerging trends, treatment protocols, and diagnostic updates new to the field, providing timely information on the latest advances in zoo and wild animal medicine. Content ranges from drug treatment, nutrition, husbandry, surgery, and imaging to behavioral training. Coverage of species ranges from giraffes, elephants, lions, and orangutans to sea turtles, hellbenders, bats, kakapos, and more. An extensive list of contributors includes recognized authors from around the world, offering expert information with chapters focusing on the latest research and clinical management of captive and free-ranging wild animals. A philosophy of animal conservation helps zoo and wildlife veterinarians fulfill not only the technical aspects of veterinary medicine, but contribute to the overall biological teams needed to rescue many threatened and endangered species from extinction. All content is new, with coverage including coverage of cutting-edge issues such as white-nose disease in bats, updates on Ebola virus in wild great apes, and chytrid fungus in amphibians. Full-color photographs depict external clinical signs for more accurate clinical recognition. Discussions of the "One Medicine" concept include chapters addressing the interface between wildlife, livestock, human, and ecosystem health. New sections cover Edentates, Marsupials, Carnivores, Perrissodactyla, and Camelids. Over 100 new tables provide a quick reference to a wide range of topics. An emphasis on conserving threatened and endangered species globally involves 102 expert authors representing 12 different countries.

‘ A Khushwant Singh short story is not flamboyant but modest, restrained, well-crafted...Perhaps his greatest gift as a writer is a wonderful particularity of description ’ —London Magazine Khushwant Singh first established his reputation as a writer through the short story. His stories—wry, poignant, erotic and, above all, human—bear testimony to Khushwant Singh ’ s remarkable range and his ability to create an unforgettable PBI - World. Spanning over half a century, this volume contains all the short stories Khushwant Singh has ever written, including the delightfully tongue-in-cheek ‘ The Maharani of Chootiapuram ’ , written in 2008. ‘ Khushwant ’ s stories enthral...[He has]an ability akin to that of Somerset Maugham...the ability to entertain intelligently ’ —PBI - India Today ‘ His stories are better than [those of] any PBI - Indian writing in English—Times of PBI - India ‘ The Collected Short Stories leaves the reader in a delightful, inebriated trance ’ —Sunday Chronicle ‘ He is not an ordinary short story writer...[Collected Stories] is delightful reading ’ —Hindustan Times

**Xamidea English - Class 10 - CBSE (2020-21)** Springer

This book focuses on the global threats to coastal environments from invasive, non-native species and examines how these alien biological species adversely alter landscapes and socioeconomic conditions as well as the psychological attitudes and perceptions of local inhabitants and tourists. Designed for the professional or specialist in marine science, coastal zone management, biology, and related disciplines, this volume appeals to those not only working directly with invasive flora and fauna species, but also those individuals involved in a wide array of coastal related fields. Examples and case studies of coastal invasive species are drawn from many different geographic areas worldwide, including North and South America, Europe, Oceania, the Caribbean, Southeast Asia, and Africa. **Essentials of Avian Medicine and Surgery** EduGorilla Community Pvt. **Health and Physical Education Class 11 UN**

This is Oscar Wilde's tale of the American family moved into a British mansion, Canterville Chase, much to the annoyance of its tired ghost. The family -- which refuses to believe in him -- is in Wilde's way a commentary on the British nobility of the day -- and on the Americans, too. The tale, like many of Wilde's, is rich with allusion, but ends as sentimental romance...

4991 \_\_\_\_\_ New Saraswati House India Pvt Ltd

This book presents a technical review of ecological and life history information on a range of Bornean wildlife species, aimed at

identifying what makes these species sensitive to timber harvesting practices and associated impacts. It addresses three audiences: 1) those involved in assessing and regulating timber harvesting activities in Southeast Asia, 2) those involved in trying to achieve conservation goals in the region, and 3) those undertaking research to improve multipurpose forest management. This book shows that forest management can be improved in many simple ways to allow timber extraction and wildlife conservation to be more compatible than under current practices. The recommendations can also be valuable to the many governmental and non-governmental organisations promoting sustainable forest management and eco-labelling. Finally, it identifies a number of shortcomings and gaps in knowledge, which the hope can interest the scientific community and promote further research. This review is, an important scientific step toward understanding and improving sustainable forestry practices for long-term biodiversity conservation. Even in the short term, however, significant improvements can be made to improve both conservation and the efficiency of forest management, and there is no need to delay action due to a perceived lack of information. In the longer term it is expected that the recommendations from this review will be implemented, and that further research will continue to help foster an acceptable balance among the choices needed to maintain healthy wildlife populations and biodiversity in a productive forest estate.

Cambridge University Press

Published in 1957, *Hawk in the Rain* was Ted Hughes's first collection of poems. It won the New York Poetry Centre First Publication Award, for which the judges were W. H. Auden, Stephen Spender and Marianne Moore, and the Somerset Maugham Award, and it was acclaimed by every reviewer from A. Alvarez to Edwin Muir. When Robin Skelton wrote, 'All looking for the emergence of a major poet must buy it', he was right to see in it the promise of what many now regard as the most important body of work by any poet of the twentieth century.

The Edinburgh Review: Or Critical Journal VK Global Publications

A collection of letters, speeches, diary entries, newspaper and magazine articles, memoir excerpts, poems, sermons, songs, and military reports that provide a rich first-hand panorama of the War of 1812 as it was experienced by a wide range of participants: Americans, Britons, Canadians, and Indians.

Colonel Fazackerley Butterworth-Toast CIFOR

This book provides fundamental information on pet birds, menaces, and advances made in the diagnosis and treatment of menaces. It is the only book covering all species of pet birds, menaces and their individual management. The handful of related books available worldwide are largely outdated and focus on a single species or breed of pet bird. The book encompasses the history of bird keeping, common breeds of birds, their nutritional requirements, list of zoonotic diseases transmitted by birds and guideline for their prevention. It covers infectious, non-infectious clinical and metabolic diseases, and toxicity in detail with a special focus on the history of diseases, etiology, affected hosts, pathogenesis, clinical signs, diagnosis and treatment. Separate chapters detail relevant diagnostic techniques, management and care practices, including updated information. The book offers an invaluable guide for students and teachers in the field of (avian) veterinary medicine, scientists/research scholars working in related fields, and avian medicine practitioners, as well as all those progressive bird owners who want to know the basics of their care and management.

Pet bird diseases and care IUCN
