Financial Accounting for the Hospitality, Tourism, Leisure and Event Sectors John Wiley and Sons
Hospitality Finance and Accounting provides a uniquely concise, accessible and comprehensive introduction to hospitality, finance and accounting from a managerial perspective. By avoiding unnecessary jargon and focusing on the essentials, this book offers a crucial breakdown of this often overly-complex subject area. The concise chapters cover the essential concepts, ideas and formulas to be mastered within the hospitality industry including income statements, balance sheets, pricing and budgeting. Each chapter is split into two sections: theory and practice, giving students practical insight into the everyday realities of the hospitality industry through case studies which show how theories are applied to a range of relevant scenarios. Emphasis is placed particularly on the practices of revenue and budget management within the food and beverage industry. This will be an essential introductory yet practical resource for all Hospitality students and future managers within the industry.
Hospitality Financial Accounting Routledge
Basic Management Accounting for the Hospitality Industry uses a step by step approach to enable students to independently master the field. Hospitality Finance and Accounting Routledge
The objective of this textbook is to teach students to be conversational in speaking numbers. This means understanding fundamental accounting concepts, developing solid financial analysis abilities, and then applying them to understand and improve the operational performance of their hotel or restaurant. The book will accomplish this by studying the current practices of some of today's leading hotel and restaurant companies. Chapters will be developed under the auspices of a select group of hospitality industry General Managers, Directors of Finance, and Regional Accounting Managers to ensure that the information is current, accurate and useful. Understanding and applying the information will be the main focus of this book. This textbook should provide hospitality managers the knowledge and experience to be comfortable in using numbers to operate their departments. This includes developing the ability to perform all accounting and financial aspects of their position efficiently and correctly including revenue forecasting, wage scheduling, budgeting, P & L critiques, purchasing procedures and cost control methods.; As a result, they will have more time to spend on the floor with their customers and employees. This knowledge will help them understand their operations and how to improve, change or expand them to increase revenues or profits.
Hospitality Financial Accounting Working Papers Pearson Higher Ed
This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. ACCOUNTING FOR HOSPITALITY MANAGERS will help your students understand and apply hospitality departmental accounting at the supervisory and managerial levels.
