This important book is for anyone who wants to make the most of work-based learning: employees, employers, educationalists, policy makers and researchers. It sheds light on ways of giving full-time employees the chance to take up learning opportunities which are of the same level and rigour as those on offer to the full time student. It approaches the subject from the perspective of the learner, drawing on case studies to provide detailed insight. It suggests that universities already have in place much of the machinery needed to support learners who are in work: they just don't make enough use of it. Look closely and you will find a substantial legacy of this kind of activity by universities. This is a book about seizing opportunities. In one volume, Understanding Work-Based Learning makes a valuable contribution to current employer engagement and learner demand debates, and provides first hand learner experiences to guide existing and potential work based learners, employers, educationalists, policy makers, and researchers.

This legal environment text offers balanced coverage of private law and public law. To illustrate the legal points covered, the authors have integrated cases in the language of the court into each chapter. Strong ethical coverage helps students understand the need for responsible decisions.

Forms Analysis Penguin

Robert's Rules of Order Newly Revised, commonly referred to as Robert's Rules of Order, RONR, or simply Robert's Rules, is the most widely used manual of parliamentary procedure in the United States. It governs the meetings of a diverse range of organizations-including church groups, county commissions, homeowners associations, nonprofit associations, professional societies, school boards, and trade unions-that have adopted it as their parliamentary authority. The manual was first published in 1876 by .US Army officer Henry Martyn Robert, who adapted the rules and practice of Congress to the needs of non-legislative societies. Ten subsequent editions have been published, including major revisions in 1915 and 1970. The copyright to Robert's Rules of Order Newly Revised is owned by the Robert's Rules Association, which selects by contract an authorship team to continue the task of revising and updating the book. The 11th and current edition was published in 2011. In 2005, the Robert's Rules Association published an official concise guide, titled Robert's Rules of Order Newly Revised In Brief. A second edition of the brief book was published in 2011.

An Introduction to Parliamentary Law Cengage Learning

Thirty countries. Six continents. Eight Years. One dream life. This compelling story details how one average Joe used the death of a young friend to propel him from college campus to continents and dream jobs. For any young person uncertain of their future and about to embark on "the rest of their life," this book is required reading, and offers hope that the next steps can be better than they can imagine. You will identify with Joe's challenges of feeling that life has a lot more to offer, dealing with a crushing loss, overcoming negative support from those closest to you, and pursuing work and travel opportunities armed only with curiosity and ambition. In "Permission to Play," Joe's story not only provides a blueprint for following your dreams, but a guide to the most common excuses and how to overcome them. Study guide for group discussion included.

" AN IMPORTANT BOOK ABOUT MOTIVATION FROM A PROVEN MOTIVATOR. " —JACK WELCH Yum! Brands CEO David Novak learned long ago that you can ' t lead a great organization of any size without getting your people aligned, enthusiastic, and focused relentlessly on the mission. But how do you do that? There are countless leadership books, but how many will actually help a Taco Bell shift manager, a Fortune 500 CEO, a new entrepreneur, or anyone in between? Over his fifteen years at Yum! Brands, Novak has developed a trademarked program—Taking People with You—that he personally teaches to thousands of managers around the world. He shows them how to make big things happen by getting people on their side. No skill in business is more important. And Yum! ' s extraordinary success (at least 13 percent growth for each of the last ten years) proves his point. Novak knows that managers don ' t need leadership platitudes or business school theories. So he cuts right to the chase with a step-by-step guide to setting big goals, building strong teams, blowing past your targets, and celebrating after you shock the skeptics. And then doing it again and again until consistent excellence becomes a core element of your culture.
