A Life of Aung San Suu Kyi,  
Burma's Prisoner of Conscience  
Random House

Have you ever been led by someone who cared for you like family, and dared you to achieve more than you ever thought possible for yourself, your organization, and even society? Award-winning author of *Hostage at the Table*, George Kohlrieser, along with his co-authors Susan Goldsworthy and Duncan Coombe, explain how becoming a secure base leader releases

extraordinary potential in others. Part of the Warren Bennis leadership series *Care to Dare* shows you how to become a Secure Base Leader so that you release your followers from the fears that get in the way of their performance. It shows you how you can unleash astonishing potential by building the trust, delivering the change, and inspiring the focus that underpins sustainable high performance. From extensive interviews with executives from all over the world, as well as from surveys with more than a thousand executives, the book reveals the nine characteristics that Secure Base Leaders display on a daily basis. The research shows that primary difference between a successful leader and a failed leader is the presence or absence of secure bases in his or her life. *Care to Dare* will take you on a journey where you will discover your own

secure bases, past and present, and determine how you can be a secure base for other people in your life at work and at home.

This volume explores the issues of taking, using and being hostages in the Middle Ages. It brings together recent research in the areas of hostages and hostagships, looking at the act of hostage-taking and the hostages themselves through the lenses of political and social history. Building upon

---

previous work, this volume in particular critically examines not only the situations of hostages and hostageships but also the broader social and political context of each situation, developing a more complete picture of the phenomenon.

Negotiating As If Your Life Depended On It  
Pearson Education

Leading authorities on negotiations present the result of years of research, application, testing and experimentation, and practical experience. Principles and applications from numerous disciplines are combined to create a conceptual framework for the hostage negotiator. Ideas and concepts are explained so that the practicing negotiator can apply the principles outlined.

Anxious People

A rare and powerful story of hope, love, survival, and the struggle to bring back alive a hostage in Iraq  
Micah Garen and Marie-Hélène Carleton were journalists and filmmakers working in Iraq on a documentary about the looting of the country's legendary archaeological sites, with their Iraqi translator Amir

Doshi. In the late summer of 2004, they began to wrap up their work, and Marie-Hélène returned home while Micah remained for a final two weeks of filming. As Micah and Amir were filming in a Nasiriyah market, something went horribly wrong: Micah, who wore a bushy mustache and was dressed in Iraqi clothing, was unmasked as a foreigner and kidnapped by militants in southern Iraq. Home in New York, Marie-Hélène awoke to a gut-wrenching phone call from Micah's mother with word of his abduction. She promised Micah's mother the impossible--that together they would bring Micah back alive. American Hostage is the remarkable memoir of Micah Garen's harrowing abduction and survival in captivity, as well as the heroic and successful struggle of Marie-Hélène; Micah's sister, Eva; along with family and friends to win Micah's and Amir's release from their captors. The world watched and waited as Micah's drama unfolded, but the authors, now safely home and engaged to be married, detail the dramatic untold story. After learning of Micah's abduction, Marie-Hélène took a risky and unusual step: instead of relying on the authorities to rescue Micah, she used her recent experience in Iraq to construct a massive grassroots effort to reach out to Micah's

captors and plead for his release. As fighting between Coalition forces and the Mahdi Army raged in Najaf, Micah and Amir became pawns in a terrible political game. The kidnappers released a video threatening to kill Micah unless the United States withdrew from Najaf within forty-eight hours. In response, Marie-Hélène's and Micah's families redoubled their efforts, eventually sending a representative to Nasiriyah to lobby for Micah. While Marie-Hélène worked on his release, Micah, imprisoned alongside Amir under armed guard deep in the marshes of southern Iraq, lived the nightmare of a hostage haunted by the alternating impulses of hope and despair, his desire for survival and plans of escape. His experience reveals a great deal about the lives and minds of militants in southern Iraq. American Hostage is an engrossing and rare story of how hope, love, and communal effort can overcome war, distance, and cultural differences in Iraq. Unlikely Angel  
University of Chicago Press  
Hostage-taking has increased in recent years and has become a problem of worldwide concern. Terrorists and pirates have used hostages in a rising number of incidents and the violence used has escalated alarmingly. Sofia Galani examines the taking of hostages from a victim's perspective, arguing that the

---

international community has failed to protect them. By evaluating various international law concepts and frameworks, including jurisdiction in international law, state responsibility and international human rights law, Galani explains why we are still far from recognizing hostages as victims of human rights violations. She then addresses the question of what can be done to safeguard the human rights of hostages both in theory and practice. Being the first comprehensive study of the human rights of hostages, this book fills a critical gap in the literature for human rights lawyers and researchers in the field.

*American Hostage Hostage at the Table How Leaders Can Overcome Conflict, Influence Others, and Raise Performance*

How effective are the methods currently used to deal with hostage situations? This study attempts to answer that question by examining the ways in which terrorists manipulate the hostage/barricade tactic—one of the most formidable and frightening devices in their arsenal—and by analyzing the response of law enforcement officers and policymakers to its use. Drawing on case materials and interviews with high-level decision makers, both in the United States and abroad, who are involved with domestic and international terrorist operations, Professor Miller analyzes the political and psychological motifs of hostage/barricade dramas. He

then looks at terrorism, particularly political terrorism, within the broader theoretical context of the general study of political violence and the operational concerns of public decision makers and law enforcement personnel.

*Terrorism And Hostage Negotiations* Brookings Institution Press

When danger lurks behind a familiar face... Successful architect Rachel Granger loves her job and her life, but when a terrorist on the FBI's most wanted list targets her, there's only one man she can trust. She hasn't seen Jake in years but her former college friend told her he'd always be there for her and she definitely needs him now. Even though her feelings for him go far deeper than friendship and just being around him risks her heart, she would do anything to keep those she loves safe from a madman bent on unleashing hell. Only one man from her past can help FBI Special Agent Jake Evers made the biggest mistake of his life when he let Rachel slip through his fingers over two years ago. It doesn't matter that he hasn't seen her since then—if she needs him, he'll be there. When he learns that she's the target

of a domestic terror cell, he'll do everything in his power to keep her safe. He's never gotten over her and won't risk losing her again now that she's reappeared in his life. But the threat is more widespread than they realized and now it's a race against time to keep her and scores of innocent civilians alive.

*Hostage* Greystone Books Ltd

While there are many books on crisis negotiation, most of the current literature focuses on the history and mechanics of this dynamic process, leaving out critical elements that are required for a successful encounter with a hostage-taker or other malfasant. *Psychological Aspects of Crisis Negotiation, Second Edition* explores the methods and strategies for confronting the nine types of subjects typically encountered in hostage/suicide sieges by correctional staff and law enforcement crisis negotiators. Drawn from articles published by Thomas Strentz while serving at the FBI Academy\* along with written versions of lectures developed and delivered since his retirement, the book highlights psychological

dynamics of negotiations as they apply to the negotiator, the hostage, and the subject. It discusses the predictors of surrender versus the need for a tactical intervention and examines the phases of a hostage crisis and the changing focus as the crisis develops. Referencing historical events such as The Bay of Pigs invasion and the Challenger and Columbia incidents, the book demonstrates how faulty group decision making can spell tragedy. Enhanced with case studies to put the material into context, this second edition also includes new chapters on the first responder, hostage survival, and the Islamic belief system and culture. Steeped in sage advice from a national expert, this volume arms those tasked with confronting dangerous offenders with the knowledge and tools they need to subvert disaster and ensure the preservation of human life. \*Articles were reviewed by the Academy Editorial/Review Board and approved by the Bureau for publication.

HOW DOES ONE  
SURVIVE WHEN ALL  
HOPE IS LOST? In the  
middle of the night in 1997,

Doctors Without Borders administrator Christophe Andr  was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, Andr  was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Close to twenty years later, award-winning cartoonist Guy Delisle (Pyongyang, Jerusalem, Shenzhen, Burma Chronicles) recounts Andr 's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Marking a departure from the author's celebrated first-person travelogues, Delisle tells the story through the perspective of the titular captive, who strives to keep his mind alert as desperation starts to set in. Working in a pared down style with muted colour washes, Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. Thoughtful, intense, and

moving, *Hostage* takes a profound look at what drives our will to survive in the darkest of moments. A True Story of Persecution, Imprisonment, and Perseverance Berrett-Koehler Publishers  
"Breathtaking." —Publishers Weekly (starred review)  
Investigative analyst Fredrika Bergman tackles a new case—this time involving the US government—in the next pulse-pounding book in Kristina Ohlsson's internationally acclaimed crime series. Shortly after a crowded New York-bound Boeing 747 takes off from Stockholm, a bomb threat is found in one of the aircraft's lavatories. The demands are directed at both the Swedish and US governments. Police superintendent Alex Recht teams up with the energetic and often abrasive Eden Lundell from the security service's counterterrorism unit to deal with the hijacking. Fredrika Bergman, who is currently working at the Justice Department, returns to the police force to act as a liaison between the government and the police. The investigation team soon realizes that the plot behind the hijacking is far more complex than they initially thought, and they also must battle against the US government's fear of a new terrorist attack. Now it's a race against time as Fredrika,

---

Alex, and Eden search for possibilities to save the plane and its passengers. Will they find a solution before the plane runs out of fuel?

Rees offers the first in-depth account of the extraordinary transformation in the safety standards, operations, and management of the nation's nuclear facilities spurred by the accident at Three Mile Island. Detailing the surprising success of self-regulation within the nuclear industry, his book reveals the possibilities for effective

communitarian action.

The Transformation of Nuclear Safety since Three Mile Island Simon and Schuster

The FBI 's chief hostage negotiator recounts harrowing standoffs, including the Waco siege with David Koresh and the Branch Davidians, in a memoir that inspired the miniseries Waco, now on Netflix. In Stalling for Time, the FBI 's chief hostage negotiator takes readers on a harrowing tour through many of the most famous hostage crises in the history of the modern FBI, including the siege at Waco, the Montana Freeman standoff, and the D.C. sniper attacks. Having helped develop the FBI 's nonviolent communication techniques for achieving peaceful outcomes in tense situations, Gary Noesner offers a candid, fascinating look back at his years as an innovator in the ranks of the Bureau and a pioneer on the front lines. Whether vividly recounting showdowns with the radical Republic of Texas militia or clashes with colleagues and superiors that expose the internal politics of America 's premier law enforcement agency, Stalling for Time crackles with insight and breathtaking suspense. Case by case, minute by minute, it 's a behind-the-scenes view of a visionary crime fighter in action. Praise for Stalling for

Time “ Riveting . . . the most in-depth and absorbing section is devoted to the 1993 siege near Waco, Texas. ” —The Washington Post “ Captivating . . . an electrifying read . . . No Hollywood movie can top this story for thrills, suspense, or action. ” —New York Journal of Books “ Certain to fascinate true crime readers . . . The compelling centerpiece of the book is Noesner 's analysis of ‘ what went wrong at Waco ’ with the Branch Davidians. ” —Publishers Weekly “ An intense, immersive narrative . . . vicariously entertaining. ” —Kirkus Reviews “ Engrossing . . . The book is also an intimate history of contemporary American militia movements. ” —New Republic  
Psychological Aspects of Crisis Negotiation, Second Edition Atria Books  
On November 4, 1979, Iranian militants stormed the United States Embassy in Tehran and took sixty-six Americans captive. Thus began the Iran Hostage Crisis, an affair that captivated the American public for 444 days and marked America's first confrontation with the forces of radical Islam. Using hundreds of recently declassified government documents, historian David Farber takes the first in-depth look at the hostage crisis, examining its lessons for America's contemporary War on Terrorism. Unlike other histories of the subject, Farber's vivid and fast-paced narrative looks beyond

---

the day-to-day circumstances of the crisis, using the events leading up to the ordeal as a means for understanding it. The book paints a portrait of the 1970s in the United States as an era of failed expectations in a nation plagued by uncertainty and anxiety. It reveals an American government ill prepared for the fall of the Shah of Iran and unable to reckon with the Ayatollah Khomeini and his militant Islamic followers. Farber's account is filled with fresh insights regarding the central players in the crisis: Khomeini emerges as an astute strategist, single-mindedly dedicated to creating an Islamic state. The Americans' student-captors appear as less-than-organized youths, having prepared for only a symbolic sit-in with just a three-day supply of food. ABC news chief Roone Arledge, newly installed and eager for ratings, is cited as a critical catalyst in elevating the hostages to cause célèbre status. Throughout the book there emerge eerie parallels to the current terrorism crisis. Then as now, Farber demonstrates, politicians failed to grasp the depth of anger that Islamic fundamentalists harbored toward the United States, and Americans dismissed threats from terrorist groups as the crusades of ineffectual madmen. Taken Hostage is a timely and revealing history of America's first engagement with terrorism and Islamic fundamentalism, one that provides a chilling reminder that the past is only prologue. Hostage Simon and Schuster In April 2005, Ashley Smith made headlines around the globe when she miraculously talked her

way out of the hands of alleged courthouse killer Brian Nichols after he took her hostage for seven hours in her suburban Atlanta apartment. In this moving, inspirational memoir, the 26-year-old widowed mother of a six-year-old girl shares for the first time the little-known details of her traumatic ordeal, and expands on how her faith and the bestselling book *The Purpose-Driven Life* helped her survive and bring the killer's murderous rampage to a peaceful end. Just as she told her 6'1", 210-pound captor that his ultimate "purpose" in life was to end up spending the rest of his life in prison, preaching the teachings of Jesus Christ to his fellow inmates, Smith believes her own purpose is to spread that message of love to the rest of us.

Juxtaposing the minute-by-minute tale of her experience with the never-before-told tragedies and triumphs of her own life, *Unlikely Angel* is a gripping tale of downfall and redemption, involving addiction, violence, death, loss, faith, and love. It is a story that will leave no reader untouched.
