In 1954, the comic book industry instituted the Comics Code, a set of self-regulatory guidelines imposed to placate public concern over gory and horrific comic book content, effectively banning genuine horror comics. Because the Code applied only to color comics, many artists and writers turned to black and white to circumvent the Code's narrow confines. With the 1964 Creepy #1

from Warren Publishing, black-and-white horror comics experienced a revival continuing into the early 21st century, an important step in the maturation of the horror genre within the comics field as a whole. This generously illustrated work offers a comprehensive history and retrospective of the black-and-white horror comics that flourished on the newsstands from 1964 to 2004. With a catalog of original magazines, complete credits and insightful analysis, it highlights an important but overlooked period in the history of comics.

There has been a huge revival of interest in Victorian women's poetry in the last ten years, and it has led to a major reconfiguration of the English poetic landscape of the nineteenth century. This title offers a key selection of poems by 13 Victorian women poets from Christina Rossetti and Felicia Hemans to the witty, iconoclastic May Kendall. The book starts with a substantial general Introduction which places the work of the poets into a context both historical (that of the poems' production) and modern (that of their past and present reception). Each poet's work is introduced by an expansive headnote which tells the story of her life and writing career.

The poems all have full explanatory notes to help readers unfamiliar with the period. A Bibliography lists general sources as well as useful further readings. Written in an engaging and accessible manner, the extensive annotations throughout Victorian Women Poets ensure that this fascinating poetry is enjoyable for undergraduate and non-specialist readers.
