The Activity Book plays an important role in
consolidating and recycling language and
material presented in the Student ' s Book.
Each module contains activities that help to
reinforce the material, along with the included
story which focuses on key words and phrases
learnt within the book. The Learning Diary
tracks student progress and objectives.

This activity begins with a PowerPoint lecture on hotspots and plate velocities which lays out the hotspot theory of intra-plate volcanism as well as the theory's explanation for long chains of islands and seamounts. Following this, there is a short PowerPoint that introduces the activity that students will complete using the activity sheet.
