A Doll's House is a three-act play in prose by Henrik Ibsen. The play is significant for its critical attitude toward 19th century marriage norms. In the central character of Nora, Ibsen

epitomized the human struggle against the humiliating constraints of social conformity. Nora's ultimate rejection of a smothering marriage and life in 'a doll's house' shocked theatergoers of the late 1800s and opened new horizons for playwrights and their audiences.

'They didn't see the house until they were practically on top of it. A single building emerging from the dark. It didn't look welcoming. But the front door was open. The door was wide open.'

Irongrove Lodge – a building with history; the very bricks and grounds imbued with the stories of those who have walked these corridors, lived in these rooms. These are the tales of an extraordinary house, a place that straddles our world and whatever lies beyond; a place that some are desperate to discover, and others to flee. At one time an asylum, at another a care home, sometimes simply a home. The residents of Irongrove Lodge will learn that this house will change them, that the stories told here never go away. Of all who enter, only some will leave. Multi-award-winning editor Jonathan Oliver has brought together five extraordinary writers to open the doors, revealing ghosts both past and present in a collection as intriguing as it is terrifying. Along with a linking narrative, this collection features five novellas by Nina Allan, Tade Thompson, K.J. Parker, Robert Shearman and Sarah Lotz.
