Critique | Definition of Critique by Merriam-Webster

A critique is a careful analysis of an argument to determine what is said, how well the points are made, what assumptions underlie the argument, what issues are overlooked, and what implications are drawn from such observations. It is a systematic, yet personal response and evaluation of what you read.

How to Critique a Review Paper | Pen and the Pad

Before preparing a critique, we suggest reading the piece several times, taking notes on each reading. Each reading will give you different insights that can benefit the author. First, read the piece through from beginning to end, simulating the experience of an ordinary reader. Take notes on your first impressions before reading the piece again.

Learn How to Critique an Article With Ease

First of all, for any type of journal article your critique should include some basic information: 1. Name(s) of the author(s) 2. Title of article 3. Title of journal, volume number, date, month and page numbers 4. Statement of the problem or issue discussed 5.

How to critique presentations of others Every presentation you listen to is an opportunity for a critique. Even if you keep your opinions to yourself, that's a significant person. You can learn a lot from your critiques of others' work. You learn to see a piece of work from the standpoint of how it could be improved, what
