Attract Happiness Gildan Media LLC aka G&D Media Three of the most important self-help tomes on getting rich and prosperity—now available in one place and at one low price! These three books are considered by many experts to be the most important manuals

on how to get rich and prosper. Written at the turn of the century, these books contain timeless wisdom that applies to yesterday, today, and the days to come. Why wait? Start living more prosperously today! Think and Grow Rich by Napoleon Hill This book has been called the "Granddaddy of All Motivational Literature." It was the first book to boldly ask, "What makes a winner?" The man who asked and listened for the answer, Napoleon Hill, is now counted in the top ranks of the world's winners himself. The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized in this one. In the original Think and Grow Rich, published in 1937, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. In the updated version, Arthur R. Pell, Ph.D., a nationally known author, lecturer, and consultant in human resources management and an expert in applying Hill's thought, deftly interweaves anecdotes of how contemporary millionaires and billionaires, such as Bill Gates, Mary Kay Ash, Dave Thomas, and Sir John Templeton, achieved their wealth. Outmoded or arcane terminology and examples are faithfully refreshed to preclude any stumbling blocks to a new generation of readers. The Science of Getting Rich by Wallace D. Wattles As featured in the bestselling book The Secret, here is the landmark guide to wealth creation republished with the classic essay "How to Get What You Want." Wallace D. Wattles spent a lifetime considering the laws of success as he found them in the work of the world's great philosophers. He then turned his life effort into this simple, slender book—a volume that he vowed could replace libraries of philosophy, spirituality, and self-help for the purpose of attaining one definite goal: a life of prosperity. Wattles describes a definite science of wealth attraction, built on the foundation of one commanding idea: "There is a thinking stuff from which all things are made...A thought, in this substance, produces the thing that is imaged by the thought." In his seventeen short, straight-to-the-point chapters, Wattles shows how to use this idea, how to overcome barriers to its application, and how work with very direct methods that awaken it in your life. He further explains how creation and not competition is the hidden key to wealth attraction, and how your power to get rich uplifts everyone around you. The Science of Getting Rich concludes with Wattles' rare essay "How to Get What You Want"—a brilliant refresher of his laws of wealth creation. The Master Key System by Charles F. Haanel Businessman Charles F. Haanel made a meticulous study of the "Law of Attraction" in The Master Key System—a step-by-step guide to activating the principle of mental power, and a core inspiration behind The Secret.

The Attractor Factor - Including Penguin This is one of Dr. Murphy's best books, on a par with his classic The Power of your Subconscious Mind. It explains the difference between the conscious and subconscious mind, and how the two work together to create the reality of the individual. As in Murphy's other books, examples are given of how people overcame problems or manifested their desires by changing their minds through belief, affirmation, and visualization. The chapters deal with: • HEALING • PRAYER • BECOMING SPIRITUAL-MINDED • THE CREATIVITY OF THOUGHT • THE MEANING OF EVIL • THE MEANING OF LIFE • CONTROLLING ONE'S FEARS • THE POWER OF SUGGESTION • MARRIAGE, SEX, AND DIVORCE In his very engaging style, the author teaches us how to use both phases of the mind synchronously, harmoniously, and peacefully in order to bring harmony, health, and abundance into our lives. He also explains that Biblical statements are parables, allegories, metaphors, similes, and cryptic statements, and are thus not to be taken literally. The main message is that we are all children of the infinite, born to win, and to live in the joyous expectancy of the best. Exclusive to and

Dr. Joseph Murphy I have

Miracles will happen to you,

the magic power of your
subconscious mind. This
book is designed to teach
you that your habitual
thinking and imagery mold,
fashion, and create your
destiny; for as a man

thinketh in his subconscious mind, so is he. Why is one man sad and another man happy? Why is one man joyous and prosperous and another man poor and miserable? Why is one man fearful and anxious and another full of faith and confidence? Why does one man have a beautiful, luxurious home while another man lives out a meager existence in a slum? Why is one man a great success and another an abject failure? Why is one speaker outstanding and immensely popular and another mediocre and unpopular? Why is one man a genius in his work or profession while the other man toils and moils all his life without doing or accomplishing anything worthwhile? Why is one man healed of a so-called incurable disease and another isn't? Why is it so many good, kind religious people suffer the tortures of the damned in their mind and body? Why is it many immoral and irreligious people succeed and prosper and enjoy radiant health? Why is one woman happily married and her sister very unhappy and frustrated? Is there an answer to these questions in the workings of your conscious and subconscious minds? There most certainly is. It is for the express purpose of answering and clarifying the above questions and many others of a similar nature that motivated me to write this book. How to Attract Money by Dr. Joseph Murphy It is your right to be rich. You are here to lead the abundant life, and to be happy, radiant, and free. You should, therefore, have all the money you need to lead a full, happy, prosperous life. There is no virtue in poverty; the latter is a mental disease, and it should be abolished from the face of the earth. You are here to grow, expand, and unfold - spiritually, mentally, and materially. You have the inalienable right to fully develop and express yourself along all lines. You should surround yourself with beauty and luxury. Thought Vibration or the Law of Attraction in the Thought World by William Walker Atkinson In this New Thought classic, Atkinson looks at the law of attraction in the thought world. He points out the similarities between the law of gravitation and the mental law of attraction. He explains that thought vibrations are as real as those manifesting as light, heat, magnetism and electricity. The difference is in the vibratory rate which also explains the fact that thought vibrations cannot usually be perceived by our 5 senses. Feeling Is The Secret by Neville THIS book is concerned with the art of realizing your desire. It gives you an account of the mechanism used in the production of the visible world. It is a small book but not slight. There is a treasure in it, a clearly defined road to the realization of your dreams. could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, *Pachinko* is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc

of history. *Includes reading group guide*

How the obsession with quantifying human performance threatens business, medicine, education, government—and the quality of our lives Today, organizations of all kinds are ruled by the belief that the path to success is quantifying human performance, publicizing the results, and dividing up the rewards based on the numbers. But in our zeal to instill the evaluation process with scientific rigor, we've gone from measuring performance to fixating on measuring itself—and this tyranny of metrics now threatens the quality of our

organizations and lives. In this brief, accessible, and powerful book, Jerry Muller uncovers the damage metrics are causing and shows how we can begin to fix the problem. Filled with examples from business, medicine, education, government, and other fields, the book explains why paying for measured performance doesn't work, why surgical scorecards may increase deaths, and much more. But Muller also shows that, when used as a complement to judgment based on personal experience, metrics can be beneficial, and he includes an invaluable checklist of when and how to use them. The result is an essential corrective to a harmful trend that increasingly affects us all.

When you apply gimmicks in a superficial, mechanical manner, you go through the same motions as the person who "has a way," but it

doesn't work for you. The purpose of this book is to give you knowledge based upon an understanding of human nature: why people act the way they do. The methods presented in this book have been tested on thousands of people who have attended my human relations seminars. That is, if you want to get along with them and get what you want at the same time. Yes, we all want success and happiness. And the day is long past, if it ever existed, when you could achieve these goals by forcing people to give you what you want. And begging is no better, for no one has respect for, or any desire to help, the person who constantly kowtows and literally goes around with his hand out, begging other people to like him. The one successful way to get the things you want from life is to acquire skill in dealing with people. Download now and you will learn how.
