Steven Caney's Ultimate Building Book Oculus Publishers

Mark Christensen grew up with a simple dream-to build a 600 horsepower suicide machine able to accelerate from zero to sixty in less time than it takes to read this sentence. When a friend offers him \$100,000 to realize that dream, Christensen enlists Nick Pugh, the best young auto designer in the country. An idealistic, charismatic, twenty-two year old star student from the celebrated Art Center for Design in Pasadena, Pugh shows Christensen his sketches of the Xeno I-drawings that are stunningly original and strangely familiar-"as if they were the best ideas I never had." Thus inspired, the author sets out to assemble a "best of the best" group of engineers, mechanics and fabricators. But the dream becomes grander and the designs of the Xeno evolve spectacularly after the endlessly hard working utopian Pugh develops an ingenious method for automobiles to triple their driving range. And as new and wilder Xenos fly from Pugh's monster imagination, nothing seems impossible. That is until the author discovers that \$100,000 may not even pay for the hubcaps that Pugh has envisioned. *Build the Perfect Beast* is a window into 21st century technology and cutting edge design at its most relevant and bizarre-an epic odyssey about craft, cars, opportunity and ambition that sizzles like American Graffiti on acid. This is a classic tale of chasing down the American dream.

Building the Best: 8 Proven Leadership Principles to Elevate Others to Success Simon and Schuster
Hundreds of online marketing books have been written about search engine optimization (SEO), search engine marketing (SEM) and pay-per-click advertising (PPC), this is the first to elaborate on the most fundamental marketing tactic of all: links and link building. The world's most recognized authority on link building, Eric Ward, clearsThe web today is comprised of trillions of links: links between websites, links within social media venues like Facebook and Twitter, and even links in email inboxes. Who links

to a site and how they link to it is one of the most important factors that search engines rely on when ranking results. But how do marketers control this? Link building expert Eric Ward provides the answers.Sharing little-known techniques for link building via social media platforms, blogs, partnerships, public relations, articles, and more, Ward teaches marketers which link-building techniques will maximize the quality links that point to their site, allowing them to charm both search engines and customers and which methods to avoid.This one-of-a-kind guide details a variety of link building tools, tactics, and techniques illustrated by case studies, expert interviews, and resources. Ward leaves no opportunity unexplored, and no link-building questions unanswered.

A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from the unprecedented amount of information all around us. For the first time in history, we have instantaneous access to the world ' s knowledge. There has never been a better time to learn, to contribute, and to improve ourselves. Yet, rather than feeling empowered, we are often left feeling overwhelmed by this constant influx of information. The very knowledge that was supposed to set us free has instead led to the paralyzing stress of believing we ' ll never know or remember enough. Now, this eye-opening and accessible guide shows how you can easily create your own personal system for knowledge management, otherwise known as a Second Brain. As a trusted and

organized digital repository of your most valued ideas, notes, and creative work synced across all your devices and platforms, a Second Brain gives you the confidence to tackle your most important projects and ambitious goals. Discover the full potential of your ideas and translate what you know into more powerful, more meaningful improvements in your work and life by Building a Second Brain.

Cool Builds in Minecraft! (GamesMaster Presents) McGraw Hill Professional

The International Bestselling Fitness Book for Women Is this a workout book that can give you a lean and toned “ Hollywood babe body ” in 30 days flat? No. Is it a bodybuilding book full of dubious diet and exercise “ hacks ” and “ shortcuts ” for gaining lean muscle and melting belly fat faster than a sneeze in a cyclone? Absolutely not. But is it an exercise book (and nutrition book) that ’ ll show you exactly how to eat and exercise to lose up to 35 pounds of fat (or more) and gain eye-catching amounts of muscle definition and strength? Yes. And faster than you probably think possible, or your money back. Because here ’ s the deal: Muscle building and fat loss aren ’ t nearly as complicated as you ’ ve been led to believe. You don't need to: Obsess over "clean eating" and avoiding "bad" or “ unhealthy ” foods like sugar, meat, and bread. Some foods are just more nutritious than and should be eaten more frequently than others. That's it. You don't need to: Constantly change up your fitness routine. A little of the right variability in your exercise is productive, but more than that is obstructive. You don't need to: Spend a couple of hours in the gym every day grinding through punishing strength training workouts. Sweating buckets, getting really sore, training until bone-tired . . . all wholly overrated for gaining lean muscle and strength. You don't need to: Slog away on the treadmill. In fact, you don't need to do any cardio exercise at all to shed ugly belly, hip, and thigh fat and even build your best body ever. You don't need to: Waste coin on sketchy fitness supplements like fat burners, amino acids, and greens powders. Most of these products either haven't been scientifically proven to do what you ’ re paying for or have been proven outright ineffective. Those are just a few of the harmful lies and myths that keep gals from ever achieving the lean, toned, and strong body they truly desire. And Thinner Leaner Stronger will teach you something that most women will never know: How to transform your body while eating all of the foods you like and doing just a few challenging (but not grueling) resistance training workouts per week. Oh and cardio? Completely optional. Here are just a few of the things you ’ ll discover inside this fitness book for women: The 10 biggest fitness myths and mistakes that keep women weak, overweight, and confused. For example, “ calories are all that matters, ” “ carbs and sugars make you fat and unhealthy, ” and “ strength training makes women bulky. ” The primary driver of muscle growth that literally forces your muscles to get fitter and stronger. And no, it has nothing to do with “ muscle confusion, ” “ functional training, ” or any other pseudoscientific fitness nonsense. How to create meal plans for losing fat and building muscle with all of the foods you love so you never feel starved, deprived, or like you're "on a diet ” (and especially a “ bodybuilding diet ”). 12 months of done-for-you, paint-by-numbers strength training workouts for getting lean, sexy curves and muscle definition in all of the right places on your body . . . in only 3-to-5 hours of resistance training per week. A no-BS guide to fitness supplements that ’ ll save you hundreds if not thousands of dollars on useless (and sometimes even dangerous) pills, powders, and potions for fat loss, muscle gain, and the rest of it. And that ’ s not all, either . . . 367 peer-reviewed scientific studies support the Thinner Leaner Stronger system of eating, exercising, and recovering for losing fat and gaining lean muscle and strength. Thinner Leaner Stronger has sold over 400,000 copies in 13 different languages and is regularly revised based on the latest findings in nutrition and exercise

scientific research (four editions released and counting!). It ’ s also backed by a “ No Return Necessary ” money-back guarantee that works like this: if you ’ re unsatisfied with this workout book for women or the program for any reason, let the author know, and you ’ ll get a full refund on the spot. So, imagine . . . just 12 weeks from now . . . looking at the changes in your physique and thinking, "I did that. That's awesome. I'm awesome." And believing it. The bottom line is you can get that beautiful “ beach-ready ” body without following a bland, boring, bodybuilding diet and without doing exhausting strength training workouts you hate. And this exercise book shows you how. Get your copy now, and start your journey to a fitter, leaner, and stronger you.

How to Build Max-Performance Chevy Small-Blocks on a Budget Haynes Publishing UK Build a world-class team culture with proven principles from renowned “ Follow My Lead ” podcaster and business leader John Eades Organizational culture has undergone a seismic shift in the 21st century—and with it, the requirements of leadership. In Building the Best, LearnLoft CEO John Eades takes you on a journey of transformation that will equip you with the tools you need to become the kind of cutting-edge leader today ’ s workplace so urgently needs. “ Leadership is about empowering, inspiring, and serving in order to elevate others over an extended period of time. You are the perfect person to live this out every day. ” Eades ’ s powerful words form the backbone of this groundbreaking guide to cultivating leadership at its highest level. Beginning with the benefits of great leadership—and the drawbacks of bad leadership—Eades offers real-life examples of leaders who elevate others, and how their practices have paid huge dividends. At its core is a carefully balanced blend of “ love and discipline ” —a guiding principle that helps create high levels of performance by leaning on standards while at the same time caring about the long-term success and well-being of each team member. Through these proven practices, you ’ ll learn to: • Identify your current leadership style • Rely on the “ purpose trifecta ” to guide your team • Be a leader who properly leverages the “ Acts of Accountability ” model • Create a “ Maximizing Mantra ” to produce energy and results • Develop the skills of others by understanding the “ 4 Stages of Role Development ” Leadership is a journey, not a destination. Building the Best offers a powerful blueprint for embarking on that journey—the first step in taking your team or organization toward true greatness. .

Being prepared is key to surviving anything, even the simple everyday emergencies. Prepare yourself by simply carrying around some basic tools. Items that will assist in getting you out of any difficulties. Be ready for that untoward event, happening to you. An Every Day Carry kit (EDC) should be an essential part of the things you carry around daily. Never be without it when you leave your home. In this guide, we will show you some amazing things to do with items you may already carry, such as: Cellphone. Keys. Watch. (Find out why it is a good idea to wear an analog watch.) Then we will show you important tools for your EDC kit, that you will never want to be without ever again, such as: What type of flashlight is best? What can tin foil do to save your life? Your EDC kit will fit in the smallest of bags, or even your pocket, keychain or belt. Despite its small size, you will be carrying

around with you, the most essential of tools. Items that could help you survive the smallest of emergencies, to a more serious larger one. Follow our advice, and you will be able to help yourself and your loved ones, without relying on others.

Ultimate Game Design: Building Game Worlds Taunton Press

When his two young grandsons clamored for a hideout in the trees, what could Maurice Barkley, a sixty-something retiree, do but grab some wooden beams and a level? Now, more than ten years, seven tiny houses, and a spiral staircase later, Barkley's grandkids can truly say they have the best tree house ever. With a backyard that has become a tourist destination and the delighted cries of children playing pretend sounding in his ears, Barkley shares his pro building tips, floor plans, and how-tos in an easy-to-use guide anyone with a hankering for nature and a set of basic carpenter's tools can follow. The Best Tree House Ever records the creation and growth of a child-sized village built high above the ground and documents the wonderful, unexpected consequences—the visitors, the excitement, and the hundreds of friendships made—that occurred along the way. Filled with plans and construction details of Barkley's entire tree house village, The Best Tree House Ever leads adventurers of every age to explore the magical worlds hidden amongst the foliage.

Shop Accessories You Can Build Simon and Schuster

Ever wonder how a suspension bridge can cross a gap thousands of feet wide? Want to know how to build a comfortable lounge chair out of cardboard boxes? Or what keeps a massive cathedral dome from collapsing? Discover the answers to these and many more questions in Steven Caney's Ultimate Building Book, a wonderfully comprehensive exploration of design, construction, and invention that will stimulate the curiosity of children and adults alike. Much as David Macaulay's blockbuster The Way Things Work did for machines and devices a decade ago, this definitive volume from best-selling author Steven Caney details the ins and outs of construction in all its fascinating forms. Packed with exciting building projects guaranteed to engage anyone from age 4 to 104, the Ultimate Building Book gives easy-to-follow instructions for creating amazing models and toys that are as much fun to make as they are to play with! Readers are also introduced to a wide variety of household materials and tools that can be used for building, along with fascinating insights into the architectural and design properties of everything from drinking straws to yurts. A mammoth project in its own right, this book has been under construction for more than a decade.

The result is hundreds of superbly illustrated pages that will enlighten and fascinate armchair architects of all ages for years to come.

Geek My Ride Entrepreneur Press

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shill in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmillers have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!
