[DUSTJACKET DESCRIPTION]Why is change so hard? How do we influence others without harsh tactics or manipulation? Are there better ways to change that truly last?Erik Van Alstine's revolutionary book, *Automatic Influence: New Power for Change in Work and Life*, answers these questions in simple and fascinating style, supported by leading-edge science and a compelling new view of perception, emotion, motivation, and behavior. *Automatic Influence* reveals a profound power source in human nature, like a red button in the basement of the mind, that energizes every emotion, drives every decision, and activates every action. When we try to change without triggering this power, change is hard. We grit our teeth, gut it out, lose steam, and give up. But when we switch on this power, change is easier. Profoundly easier. Once we understand the source of our power, the next step is to direct it. What would our business-- and life -- look like if we were free from fear? From complacency? From everything inhibiting us and our teams? What would it look like if we were overflowing with wisdom, optimism and yes, love? *Automatic Influence* gives us power to pursue total freedom and fulfillment, despite the challenges of work and life. Here are just some of the key advantages of *Automatic Influence*:* *Automatic Influence* reveals the secret of influence, and how to skyrocket our self-control and leadership. We discover how to finally move beyond the status quo.* *Automatic Influence* reveals the source of emotion and motivation, and why perceptual intelligence is much more powerful than emotional intelligence.* *Automatic Influence* helps us gain loyalty, coach people to be their best, and win friends. It teaches us to inspire change without arousing resentment or resistance. With *Automatic Influence*, we find new power to change--in every part of our lives.
