[Answers to the Ten Most Common Questions about Church](#) Baker Publishing Group

The church is the hope of the world when it's working right...and therein lies the problem. Most aren't. This has led both Christians and non-Christians to give up on the church entirely; it has led many others to give up on all existing churches-and maybe even start new ones. But all church can and should be transitioned to a new life. A church is never beyond hope. This book will provide principles and practices that can lead to a resurrection of any church, in any setting. It will provide the inspiration and information needed to lead a church successfully through the necessary changes of tradition and culture without compromising God's timeless truth. When this happens, the church will once again be what God intended...the hope of the world. Thomas Nelson

In this new study, veteran pastors Dan Cash and Bill Griffith tackle the reality of the changing Christian church in a rapidly shifting culture by turning to Scripture to explore eight paradigm shifts in the history of Christ's gospel and its birth of the church. Beginning with Jesus's parable of the new wineskins for new wine, Cash and Griffith suggest that God is inviting today's church leaders to consider new ways of being the Body of Christ in the world. Perfect for an 8-week study in small groups or Bible studies, the chapters identify a key shift in the New Testament narrative and a related dynamic of change with its relevance for local congregations and their leaders.

By the year 2050, the United States will no longer have a majority ethnic group. The nation's population will be majority-minority. This future nationwide reality has already been a present reality in several cities, including many in the urban south, for nearly a decade. In a 2011 State of the City Address, the mayor of pastor and author Mark Hearn's city said there were fifty-seven languages spoken at the local high school. Hearn left asking himself, How should our church respond? In the years that have followed, a phenomenal transformation has taken place. This transition has been chronicled in the *Gwinnet Daily Post*, the *Christian Index*, the *Wall Street Journal*, *LifeWay's Facts and Trends*, and the *Atlanta Magazine*. If you are a pastor and want your church to make a much bigger spiritual impact on your community, you will need to become better informed about your community and focus on improving it, rather than using your resources to increase the size of your church. You must have the blessings of God, and that is attained by obedience to God. Your priority must be to equip elders and boomers and disciple parents and students. If you are a staff member and want to change your church to have more spiritual effectiveness on her members and her community, you should boldly proclaim the need for an obedience-driven mind-set and set the pace with your personal example. If you are a layperson and want to change your church to have more spiritual impact on you, your family, and your community, start a more disciplined lifestyle by becoming Christlike and by aggressively acting on the obedience assignments in this book. All must forsake good traditional projects and focus on the bestobedience to Christ. Your church can be more active as a spiritual influence in her culture. Better Change in Church Jossey-Bass

In *The Missional Leader*, consultants Alan J. Roxburgh and Fred Romanuk address two questions: "How do we do missional?" and "What does missional leadership look like?" Drawing on their many years of experience, the authors show readers how to bring God's word into the community outside the church's walls. They focus on how to lead missionally on the ground, in the local setting, even amid leaders' experience of massive change within the church and in the wider world. The challenge for many church leaders is that they are not equipped to lead a church in shifting from a consumer

model of church to one that is missional. They were trained in a Christendom mindset--to meet the needs of the church's members. This book assists leaders in shifting from dominant models of leadership rooted in strategic planning--with mission and vision statements, desired outcomes, measurements along the way, and determined goals. It provides a praxis for beginning where people are, rather than where the leader wants them to go. Roxburgh and Romanuk give frank recognition to the fact that the shift from a consumer model to a missional mindset will almost certainly be stormy, disruptive, and disorienting. This is not a book of quick fixes and slick slogans, but one that sets out a comprehensive and in-depth treatment for a different way of leading. *The Missional Leader* is a critical commentary that needs to be read in the light of today's realities.
