your vagina. Tighten your pelvic floor muscles. You should feel the muscles move/tighten around your thumb/finger. During sexual intercourse, squeeze your pelvic floor muscles; your partner may be able to feel

the muscles tightening. It is very important to make sure you are using the right muscles; otherwise there may not be any improvement.

How To Document Female Pelvic

For a transabdominal pelvic scan you will be asked to lie on your back on the ultrasound couch. You will need to expose your abdomen and pelvic areas. Tissue paper will be used to protect your clothes from the ultrasound gel, which will be put on your abdomen.

The **THE FEMALE PELVIS AND FETAL SKULL**

The pelvic floor muscles form a broad muscular sling across the base of the pelvis. These muscles support the position of the pelvic organs and help the closure and control mechanisms of the bladder and bowel. Incontinence and prolapse (symptoms of pelvic laxity and vaginal tissue bulging) are all too common problems for women of all ages, with ... Having a Pelvic Ultrasound Scan.

PELVIC EXAM
TERMINOLOGY | To document findings, use terms from the FGGT and

the pelvic exam case report forms y When the term from the case report form is more specific than the term from the FGGT, use the term from the case report form y Use routine QC/QA opportunities to help ensure consistency of terminology across staff and exams

A comprehensive pelvic exam includes assessment of the external genitalia-which will be discussed in this video, followed by examination of the vagina and cervix with a speculum-to be covered in the video titled Pelvic Exam Part II; and a bimanual evaluation of the pelvic organs-reviewed in Part III of this series. NICE recommendations for women with pelvic organ

prolapse ...

the scan is done over your abdomen and pelvis. The transvaginal (internal) ultrasound scan does not require a full bladder as the scan probe is placed inside the vagina and is closer to the pelvic organs being examined. This type of scan is used to help provide clearer pictures of the womb, ovaries and surrounding structures.
