Helpers:
Chemistry is a
user-friendly

review book that
will make every
student—or parent
trying to help their
child feel like he or
she has a private
Chemistry tutor.

The Case Against

Concepts are explained in clear, easy-to-understand language, and problems are worked out with step-by-step methods that are easy to follow. Each lesson comes with numerous review questions and answer keynotes that explain each correct answer and why it's correct. This book covers all of the topics in a typical one-year Chemistry curriculum, including: A systematic approach to problem solving, conversions, and the use of units.

Naming compounds, writing formulas, and balancing chemical equations. Gas laws, chemical kinetics, acids and bases, electrochemistry, and more. While Homework Helpers: Chemistry is an excellent review for any standardized Chemistry test, including the SAT-II, its real value is in providing support and guidance during the year's entire course of study. **Ask An Expert: Answers Every Parent Needs to Know** Corwin Press

Does assigning fifty math problems accomplish any more than assigning five? Is memorizing word lists the best way to increase vocabulary—especially when it takes away from reading time? And what is the real purpose behind those devilish dioramas? The time our children spend doing homework has skyrocketed in recent years. Parents spend countless hours cajoling their kids to complete such assignments—often without considering

researched, *The Case Against Homework* shows how too much work is having a negative effect on our children's achievement and development and gives us the tools and tactics we need to advocate for change. Also available as an eBook [Homework Help from the Library](#) Hodder Education Master essential skills to ace even the toughest tests! Do tests make you nervous? Don't worry--you're not alone. Imagine how you'll feel when you're ready to face any test confidently and fully prepared.

This book will help you get there! *How to Ace any Test* shows you how to build efficient test-taking skills and score your best each and every time, whether it's a surprise quiz or a final exam. Featuring sample test questions of all types, tips for scheduling your time and remembering what you studied, and a checklist of top techniques, this hands-on guide includes 7 keys to Success that will help you improve your performance: * *Be Prepared* * *Practice, Practice, Practice* * *Tailor Your Studying Style* * *Construct*

Winning Essays * *Master Your Test-Taking Strategies* * *Take Control of Test Anxiety* * *Improve with Experience* So get ready to improve your test-taking skills- and ace any exam that comes your way! *Please Help Me with My Homework - English Penguin* Provides information on programs, research, publications, and services of ERIC, as well as critical and current education information. **Get the Job! the Fast Guide to**

Answering Tough Questions on Job Interviews MacMillan Reference Library From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversation s-featuring all-new advice! There's a reason Alison tackles the Green has tough been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversation s in the office because they simply don't know what to say. Thankfully, Green does-and in this incredibly helpful book, she

tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you-then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being microm anaged-or not being managed at all • you

catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should

be professional (even when others are not) and that communicatin g in a strai ghtforward manner with candor and kindness will get you far, no matter where you work."—B ooklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be

widely applied to relationship s in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work e xperience."— Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even

better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager” is the ultimate

playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together* [Homework Sucks!](#) Corwin Press Filled with nuts-and-bolts advice on the best ways to help young people with their

homework, the author concentrates on the practical, covering how students' different learning styles and current technology inform the homework process, on staff training and community outreach, and on options for working more closely with both students and teachers. **Grading for Equity** ReadH
