organization for a business can make the difference between success and failure in a venture. These titles are designed for entrepreneurs, business executives and those involved in small office and home businesses of any kind. With more than 200,000 business start-ups in the United States in 2001, these books are

perfect for anyone looking for a new opportunity!

**U.S. History Adams Media**  
A large and growing number of congregations are setting up church-based nonprofit organizations in order to operate community development or educational programs. Once formed, the nonprofit structure allows for new opportunities for accessing additional funding and drawing new collaborative partners and volunteers into the ministry. Joy Skjegstad outlines the step-by-step procedures for setting up a 501(c)3 nonprofit organization

connected to a congregation using simple, easy-to-understand terminology and plenty of examples from churches that have already taken on this task. Whether a congregation is setting up new program or has an established nonprofit that needs to be restructured or redefined, congregations will find helpful guidance in this practical, experience-based book.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section

reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff

Ten Basic Responsibilities of Nonprofit Boards NOLO SHORTLISTED FOR THE BUSINESS BOOK AWARDS

2021 In The 4 Day Week, entrepreneur and business innovator Andrew Barnes makes the case for the four-day work week as the answer to many of the ills of the 21st-century global economy. Barnes conducted an experiment in his own business, the New Zealand trust company Perpetual Guardian, and asked his staff to design a four-day week that would permit them to meet their existing productivity requirements on the same salary but with a 20% cut in work hours. The outcomes of this trial, which no business leader had previously attempted on these terms, were stunning. People were happier and healthier, more engaged in their personal lives, and more

focused and productive in the office. The world of work has seen a dramatic shift in recent times: the former security and benefits associated with permanent employment are being displaced by the less stable gig economy. Barnes explains the dangers of a focus on flexibility at the expense of hard-won worker protections, and argues that with the four-day week, we can have the best of all worlds: optimal productivity, work-life balance, worker benefits and, at long last, a solution to pervasive economic inequities such as the gender pay gap and lack of diversity in business and governance. The 4 Day Week is a practical, how-to guide for business leaders and employees

---

alike that is applicable to nearly every industry. Using qualitative and quantitative data from research gathered through the Perpetual Guardian trial and other sources by the University of Auckland and Auckland University of Technology, the book presents a step-by-step approach to preparing businesses for productivity-focused flexibility, from the necessary cultural conditions to the often complex legislative considerations. The story of Perpetual Guardian's unprecedented work experiment has made headlines around the world and stormed social media, reaching a global audience in more than seventy countries. A mix of trenchant analysis, personal

observation and actionable advice, The 4 Day Week is an essential guide for leaders and workers seeking to make a change for the better in their work world. Nonprofit Routledge Solid guidance for the complex legal issues faced by international nonprofits When a nonprofit operates across borders, whether by making grants or directly operating programs, the interaction among legal requirements of two or more countries quickly becomes highly complex. How To Be A Global Nonprofit fills a need for legal and practical guidance for nonprofit organizations with

international activities, and includes ten case studies to provide insights into the ways real organizations have dealt with various legal and practical issues. Along the way, it skillfully explores alternatives for advancing a nonprofit's mission across borders, while also looking at the legal and practical issues nonprofits encounter as they work internationally. Includes ten case studies based on interviews with large and small international nonprofits Offers a realistic sense of the complexity of legal and practical issues global

---

nonprofits face Features a companion website with a variety of online tools and materials related to key concepts discussed in this book Not long ago international philanthropy was the province of large organizations like the Red Cross, UNICEF, and Save the Children. This has radically changed. How to Be a Global Nonprofit thoroughly explores the legal and practical issues nonprofits encounter as they work internationally and the resources required to deal with them.

The Nonprofit Handbook John Wiley & Sons

James W. Martin is a Florida Bar Board Certified Real Estate Lawyer and Adjunct Professor of Law at Stetson University College of Law who, for over forty years, has practiced Florida real estate, wills, trusts, probate, corporations, nonprofits, and business law. The author has seen too many nonprofit corporations improperly formed and maintained. Some failed to file for tax-exempt status after incorporation; some failed to hold annual

---

meetings and file annual reports; some failed to prepare meeting minutes and maintain records; and some failed to follow statutory procedures. Failure to comply with the basics of nonprofit corporation law can result in real estate title problems, litigation, taxes, penalties, and potential personal liability. This book provides a step-by-step process with forms and checklists for forming and maintaining Florida nonprofit corporations to avoid these problems. It is primarily directed to lawyers because Florida nonprofit corporations are legal entities

created under the Florida Not For Profit Corporation Act, so having a law degree really should be a prerequisite to forming and maintaining nonprofit corporations. However, the author realizes that we live in an age where nonlawyers freely access these materials on the Internet, so he has written this book in plain language that does not require a law degree to understand. But his message for nonlawyers reading this book is to be sure to engage a Florida-licensed lawyer on their behalf to review any document before it is signed or filed.

How to Form a Nonprofit Corporation John Wiley & Sons  
A Corporate Form of Freedom explores how courts and legislatures have decided which nonprofit groups can pursue their missions as corporations. For many years it was a privilege to hold a nonprofit charter. This view changed during the 1950s and 1960s. A new generation contended that legal theory, racial justice, and democratic values demanded that the nonprofit corporate form be available to all groups as a matter of right. As a result, nonprofit corporate status

---

became America's corporate form for free expression. The new perspective did more than enlarge public discourse, however. It also reduced official authority to supervise or otherwise hold nonprofit organizations accountable for their activities. Norman I. Silber examines how the nonprofit world was transformed -- a transformation which refashioned political and social discourse, altered the economy, and created many of the difficulties the nonprofit sector faces today.
