man's search for his religious calling-a search that led him to the Dominican Republic and Central Europe, to Moscow and the South Bronx, and finally into married life with a woman whose search for God coincided with his own. In 1990 Andrew Krivak-poet, yacht rigger, ocean lifeguard, student of the classics-entered the Society of Jesus. The heart of Jesuit training is the Long Retreat, thirty days of silence and prayer in which the Jesuit novice reflects on the Gospels and tests his desire for the priesthood. For Krivak, eight years of Jesuit formation turned out to be a long retreat in its own

right, as he tested all his desires-for poetry, for travel, for independence, for love-against the pledge to do all "for the greater glory of God." And in this deeply affecting book the long retreat becomes a pattern for our own spiritual lives, enabling us to embrace our desire for solitude and perspective in our own circumstances, the way Krivak has in his new life as a husband, father, and writer. The search for God is finally the search for oneself, St. Augustine wrote. Krivak's story pushes past the awful stories of scandal in the Catholic Church to reveal why a modern, forward-looking

man would yearn to be a priest. Unlike those stories, it has an happy ending-one in which we can recognize ourselves. *You Are a Badass*® Lotus Press

The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political

---

satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers- including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily

Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for

calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances,

blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

practical and spiritual lessons for today ' s unsettled times. We turn to philosophy for the same reasons we travel: to see the world from a different perspective, to unearth hidden beauty, and to find new ways of being. We want to learn how to embrace wonder. Face regrets. Sustain hope. Eric Weiner combines his twin passions for philosophy and travel in a globe-trotting pilgrimage that uncovers surprising life lessons from great thinkers around the world, from Rousseau to Nietzsche, Confucius to Simone Weil.

Traveling by train (the most thoughtful mode of transport), he journeys thousands of miles, making stops in Athens, Delhi, Wyoming, Coney Island, Frankfurt, and points in between to reconnect with philosophy ' s original purpose: teaching us how to lead wiser, more meaningful lives. From Socrates and Beauvoir and 20th-century Paris, Weiner ' s chosen philosophers and places provide important practical and spiritual lessons as we navigate today ' s chaotic times. In a " delightful "

odyssey that " will take you places intellectually and humorously " (San Francisco Book Review), Weiner invites us to voyage alongside him on his life-changing pursuit of wisdom and discovery as he attempts to find answers to our most vital questions. The Socrates Express is " full of valuable lessons...a fun, sharp book that draws readers in with its apparent simplicity and bubble-gum philosophy approach and gradually pulls them in deeper and deeper " (NPR). *Google Power Search*

In this insightful book, Moore shares the lessons he learned from people he met along the way—from the brave Afghan

Moore also tells the stories of other twenty-first-century change-makers who've inspired him in his search, from

She debunks criticism that Nordic countries are socialist "nanny states," revealing instead that it is we Americans who are far more enmeshed in unhealthy dependencies than we realize. As Partanen explains step by step, the Nordic approach allows citizens to enjoy more

individual freedom and independence than we do. Partanen wants to open Americans' eyes to how much better things can be—to show her beloved new country what it can learn from her homeland to reinvigorate and fulfill the promise of the American dream—to provide the opportunity to live a healthy,

That's quite an assortment

of people, and they run into the thousands. Most of them have had what we euphemistically call "means," and some of them have had a lot more than that. Others have been aspiring and with more ends in sight than means on hand. Alan Weiss states: I've dealt with esteem (low), narcissism (high), family problems, leadership dysfunctions, insecurities,

The book of Proverbs is a treasure trove of spiritual and practical wisdom that equips us to live our best lives. Knowledge is important, but if it isn't converted into action, it

It is important to gain a thoughtful and practical understanding of the seven foundational principles in the book of Proverbs: Wisdom, Understanding, Prudence, Knowledge, Discretion, Discernment, and Fear of the Lord.
