3D Paper Crafts for Kids Laurence King Publishing

The exciting papermaking methods taught here breathe new life into an age-old craft. Penguin

We all love to read and learn from books, but The Repurposed Library takes our passion even further, presenting us with 33 projects to make--quite literally--out of books. For these

projects, Lisa Occhipinti rescues and repurposes Collins

orphaned and outdated books from flea markets and library sales and turns them into new art objects and practical items for the home. Her creations range from artfully constructed mobiles, wreaths, and vases, to functional items like shelves, storage boxes, and even a Kindle "keeper" for those who want to replicate the sensation of holding a "real" book while reading from an e-reader. Projects utilize every imaginable part of a book--from hardback cover to individual pages--and are a DIY celebration of a new way to view a book's potential.

The Klutz Book of Paper Airplanes Lark Books

Easter is a colorful holiday, which makes it perfect for the bright and beautiful art of origami. As readers learn fun facts about popular Easter symbols, such as eggs and bunnies, they also learn how to make them using folded and creased paper. Each project is broken down into easy-to-follow steps that are accompanied by visual examples and explained using encouraging text. In addition, helpful tips and materials lists prepare readers for these projects and ensure they have fun making Easter decorations and gifts to give to family and friends.

Darth Paper Strikes Back (Origami Yoda #2)
Abrams

You have a problem. Your current home

“décor” is ugly, shabby, and boring, but you can’t afford lots of new stuff. Or maybe your house is filled with tired old junk that you just can’t bear to throw away. Or maybe you bought all your furniture at a big box store, but it irritates you that it all looks like you bought it there. You have a solution—or, rather, a whole houseful of solutions. In this newest Big-Ass Book, do-it-yourself guru Mark Montano presents 105 practical, simple, and decidedly unborning projects for every space in your home. Montano’s wizardry—accomplished with masking tape, spray paint, and glue—transforms everything from accessories, to walls and windows, to lighting, to major pieces like headboards, tables, dressers, and chairs. (And there’s even a chapter on turning the anonymous items you got at IKEA into one-of-a-kind treasures.)

Paper Mache Abrams

If I built a car, it'd be totally new! Here are a few of the things that I'd do. . . . Young Jack is giving an eye-opening tour of the car he'd like to build. There's a snack bar, a pool, and even a robot named Robert to act as chauffeur. With Jack's soaring imagination in the driver's seat, we're deep-sea diving one minute and flying high above traffic the next in this whimsical, tantalizing take on the car of the future. Illustrations

packed with witty detail, bright colors, and chrome recall the fabulous fifties and an era of classic American automobiles. Infectious rhythm and clever invention make this wonderful read-aloud a launch pad for imaginative fun.

Papermaking Creative Publishing International

The 10 best paper airplanes you've ever folded and flown! These are high performance, blow-the-competition-away flying paper machines! The book features 10 designs and 40 sheets of full colour, flight-ready paper. Best for children over 7 years.

How to Make Books Fox Chapel Publishing

The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!* It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s

presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* **STARRED REVIEW** “Angleberger’s just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough *Star Wars* references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom

Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and Angleberger’s sharp sense of humor) are greatly amplified by the book’s design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It’s a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun.”—Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won’t be disappointed.”—School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the *Origami Yoda*, as Dwight’s friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made *The Strange Case of Origami Yoda*

a pleasure, Angleberger takes readers through the ups and downs of adolescence.”—Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News *Low-Mess Crafts for Kids Paper Made!* TLC’s *While You Were Out* top designer Mark Montano’s wildly anticipated follow-up to *The Big-Ass Book of Crafts* features more than 300 easy and fun crafts, with tips and tricks for quirky projects to make at home. Searching for crafty inspiration? Eager to try some new techniques? Need some more junk for your trunk? Well, look no further! In this cheeky sequel, Mark Montano picks up where his wildly popular *The Big-Ass Book of Crafts* left off, with even more spectacular—and easy-to-make—projects sure to satisfy crafters of all skill levels. Turn colorful ribbons into a show-stopping scarf. Transform old cargo pants into a kick-ass carryall. A high-drama neckpiece made out of zippers? Absolutely. Along with a host of other wearable wonders, this exciting all-new volume includes sections such as *Pillow Talk* (fun, comfy, and made from the most

surprising materials), Letter Perfect (cool designs to pop into the mailbox nearest you), Hey, I Could Use That (make a big statement with little things from magnets to nail polish), Just Kid-ding (cheery décor made from kid-centric stuff, guaranteed to make you smile!), That's Shoe Biz (fun fixes that give sidelined footwear and handbags a whole new life), and dozens of other ideas that are inventive, imaginative, and just plain fun. With his trademark humor and no-holds-barred approach to crafting, Mark will have you tapping into your creative soul and taking simple techniques to a whole new level in no time. We're not talking plant-hangers and potholders here—the more than 150 handmade projects in this truly unique compendium are artistic, eye-catching, and cutting-edge, from cool brooches and earrings to ingenious belts and bags, from Bauhaus-style furniture to fishbowl lanterns, and so much more!

Paper + Craft Storey Publishing
Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you’ve seen the author’s cutting-edge work in the windows of Anthropologie, where she is the chain’s merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely transformative. Turn a sheaf of any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There’s a necklace made of playing cards, a gum

wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box.
