Have fun with paper mache! Learn everything you need to know about paper mache!- [The Ultimate Guide to Learning How to Make Paper Mache Sculptures, Animals, Wildlife and More!](#) This book is for people who want to learn paper mache. The art of paper mache is a fun and inexpensive activity to carry out with your friends and family, and especially with your children. It is also a great way to express your inner creativity. This type of art allows you to let your imagination run rampant while getting messy with glue and paper. You do not have to have artistic skill on par with Picasso or Michelangelo to be able to participate in this variant of

art. Paper mache is friendly towards those who feel like they don't have an artistic bone in their body. It's not about creating magnificent sculptures that result in people gaping in awe rather it is about having fun and letting your imagination run wild. If your paper mache dog looks more like a cow then so be it. It's your dog-cow hybrid thing that you made with your own two hands and you should be proud of it and not shamefully hide it in the darkest dwellings of your closet. You will learn so much about paper mache. In the first chapter, we will kick things off by gifting you with the tools of the trade. We will list the necessary equipment that every good paper mache novice should be familiar with and also the two chief methods used during a typical paper mache session. Once you have the paper mache basics down, it is time to start creating. Each chapter in this practical concise book will be thematic, meaning each chapter will be dedicated to a specific paper mache theme. This book includes several different types of animals, masks that will look great on your own By the time you finish reading this book you are going to be able to paper mache a whole host of cool things. So if you get a sudden desire to start to paper mache cutesy and unique little shapes that look great around the home or wish to make a homemade mask for a special occasion, be sure to read this book. This craft is a great skill to learn and also to share, particularly with your children as it is fun, productive and an excellent way to express your individuality. [Why You Must Have This Book!](#) > In this book you will learn how to make a mask using paper mache. > This book will teach you the steps involved with basic paper mache. > In this book you will learn how to create a paste mix used with paper mache. > This book will guide you through the steps in an easy to follow manner. > This book will teach you make a cool pinata that will be great for you next party. > In this book you will learn so many cool things related to paper mache. ### [Nine Folds Make a Paper Swan](#) Fox Chapel Publishing

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of [Star Wars: Return of the Jedi: Beware the Power of the Dark Side](#), and hailed by [School Library Journal](#) as "honest, funny, and immensely entertaining." F&P Level: T F&P Genre: RF

Easter is a colorful holiday, which makes it perfect for the bright and beautiful art of origami. As readers learn fun facts about popular Easter symbols, such as eggs and bunnies, they also learn how to make them using folded and creased paper. Each project is broken down into easy-to-follow steps that are accompanied by visual examples and explained using encouraging text. In addition, helpful tips and materials lists prepare readers for these projects and ensure they have fun making Easter decorations and gifts to give to family and friends.

**Make Paper Products Stand Out** B.E.S. Publishing

The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!* It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a "troublemaker." Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight's presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as "Origami Yoda and the Pre-eaten Wiener," "Origami Yoda and the Exploding Pizza Bagels," and "Origami Yoda and Wonderland: The Musical." But Harvey and his Darth Paper puppet have a secret plan that could make Dwight's suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* STARRED REIVEW "Angleberger's just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough *Star Wars* references (and laughs) to satisfy fans and win new ones."—Kirkus Reviews, starred review "In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings."—Washington Post "As with this story's predecessor, the well-observed middle-school dynamics (and Angleberger's sharp sense of humor) are greatly amplified by the book's design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It's a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun." —Publishers Weekly "This book is honest, funny, and immensely

entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won't be disappointed." —School Library Journal "The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the *Origami Yoda*, as Dwight's friends try to save him from reform school.—Shelf Awareness "With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence." —Portland Book Review "Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News

[Trash-to-treasure Papermaking](#) Child's World

Paper is incredible stuff. It's easy to cut, but incredibly strong. It's disposable, but can last for centuries. It can stand as stiff as a board, pop up like a spring, or float like a leaf. And its invention changed the world forever. Perfect for kids, parents, and educators, *Paper Inventions* is a project-based book with full color illustrations, step-by-step instructions, supply lists, and templates that allow you to follow along with the book or devise something entirely new. Each chapter features new projects that will challenge and intrigue everyone, from beginning to experienced Makers. In this book, you'll learn to make: A light-up paper cat that shows how switches and sensors work An action origami robot worm Edible rice paper perfect for secret messages A space rover that moves thanks to paper machinery A paper generator that creates electricity when you tap or rub it Heat-activated paper models that fold themselves A geodesic dome big enough to crawl into--from newspaper!
