This miniature paper gun from McBrandon makes it really easy to conceal a weapon...but rest assured that even though it is made of paper...airport authority will still make a big deal of it.

[Top 6 Weapons Are Made of Paper](#)

In this tutorial, we learn how to draw Naruto weaponry. First, draw the handle in a circle shape, then connect a cylinder shape to that. From here, draw in the point for the knife. After this, shade in the sides of the handle and the base.

You'll be making 90 degree folds in the flattened tube, in a counter-clockwise fashion. Tape the circle so that it stays. One piece of tape connecting the end of the tube to the unflattened section should do it.

Tape or staple the tube into the back of the kunai (where the hole is). Make sure the handle is secure.
