- A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Lost City of Z*. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to

investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Matthew Livingston and the Millionaire Murder Penguin In *Murder on Millionaires' Row*, Erin Lindsey's debut historical mystery, a daring housemaid searches Gilded Age Manhattan for her missing employer and finds a hidden world of magic, ghosts, romance, and Pinkerton detectives. through late 19th-century New York will have readers clamoring for the next installment."—Library Journal (Starred) Rose Gallagher might dream of bigger things, but she 's content enough with her life as a housemaid. But all that changes on the day her boss, Mr. Thomas Wiltshire, disappears. Rose is certain Mr. Wiltshire is in trouble, but the police treat his disappearance as nothing more than the whims of a rich young man behaving badly. Meanwhile, the friend who reported him missing is suspiciously unhelpful. With nowhere left to turn, Rose takes it upon herself to find her handsome young employer. The investigation takes her from the marble palaces of Fifth Avenue to the sordid streets of Five Points.

When a ghostly apparition accosts her on the street, Rose begins to realize that the world around her isn ' t at all as it seems—and her place in it is about to change forever.

How To Marry a Millionaire Vampire
Abrams
From the New York Times bestselling author and former beauty editor Cat Marnell, a “vivid, maddening, heartbreaking, very funny, chaotic” (The New York Times) memoir of prescription drug addiction and self-sabotage, set in the glamorous world of fashion magazines and downtown nightclubs. At

twenty-six, Cat Marnell was an associate beauty editor at Lucky, one of the top fashion magazines in America—and that’s all most people knew about her. But she hid a secret life. She was a prescription drug addict. She was also a “doctor shopper” who manipulated Upper East Side psychiatrists for pills, pills, and more pills; a lonely bulimic who spent hundreds of dollars a week on binge foods; a promiscuous party girl who danced barefoot on banquets; a weepy and hallucination-prone insomniac who would take anything—anything—to sleep. This is a tale of self-loathing, self-sabotage, and yes, self-tanner. It begins at a posh New England prep school—and with a prescription for the Attention Deficit Disorder medication Ritalin. It continues to New York, where we follow Marnell’s amphetamine-fueled rise from intern to editor through the beauty departments of NYLON, Teen Vogue, Glamour, and Lucky. We see her fight between ambition and addiction and how, inevitably, her disease threatens everything she worked so hard to achieve. From the Cond é Nast building to seedy nightclubs, from doctors’ offices and mental hospitals, Marnell “treads a knife edge between glamorizing her own despair and rendering it with savage honesty....with the skill of a pulp novelist” (The New York Times Book Review) what it is like to live in the wild, chaotic, often sinister world of a young female addict who can’t say no. Combining “all the

intoxicating intrigue of a thriller and yet all the sobering pathos of a gifted writer's true-life journey to recover her former health, happiness, ambitions, and identity" (Harper's Bazaar), *How to Murder Your Life* is mesmerizing, revelatory, and necessary. *The Millionaire Fastlane*

Three victims testify, and a serial rapist learns: 'Leave no witnesses!'. Serial rapist/murderer Robert Reldan, a Ted Bundy-like charmer, had an engaging smile. A smile that inspired trust. A smile that would, over the next 20 years, cause a dozen unsuspecting women to drop their guard and place themselves under the power of one of New Jersey's most ruthless criminals. Two of those women (Susan Heynes, a

nurse, and Susan Reeve, a recent college graduate) achieved unwanted fame as victims in what a prominent newspaper would call "the Susan strangulations". When their nude and battered bodies were discovered, each had been strangled with her own pantyhose. While in prison awaiting trial for the 'Susan' murders, Reldan tried to hire a hit man to kill his wealthy aunt. In an ironic twist of fate, Reldan would become, briefly, the wealthiest 'lifer' in the prison system. The aunt he had tried to have killed, still charmed by her beloved nephew, left him an \$8.9 million trust fund when she died.

Dying for Love Macmillan
10TH ANNIVERSARY
EDITION Is the financial
plan of mediocrity -- a dream-
stealing, soul-sucking dogma

known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the

twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most

entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

- “Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime.” —The New York Times Book Review Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South

with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that

thrive in a town where
everyone knows everyone else.
Midnight in the Garden of
Good and Evil is a sublime and
seductive reading experience.
Brilliantly conceived and
masterfully written, this
enormously engaging portrait
