From the "Marie Kondo of paper" comes a simple and accessible guide to paper management. Americans are drowning in paper. We keep stacks of it on the kitchen counter, stash it in drawers, and store file cabinets full of documents that we never even look at. Studies show that fully 85 percent of the paper in our lives can be tossed--but which 85 percent? And how do we organize and manage the 15 percent that remains? With *The Paper Solution*, founder of Organize365 Lisa Woodruff delivers a proven, step-by-step guide for what to shred, what to save, and how to sort what's left behind. With her method, you'll learn: • What documents you must absolutely hold on to • Which papers you can dispose of today • How to ditch your bulky filing cabinets and make your vital documents accessible and portable And at the heart of it all is the Sunday Basket: a box that sits on your counter and corrals those stray bills, forms, coupons, and scraps into an easy-to-use paper-management system. The Sunday Basket will become your new weekly habit--one that leads to less paper, less stress, and more time to spend on the things (and people) that matter most.

People, Pens & Paper is about creative and fresh ideas. It's not a creative rule book, but a suggestive guide of techniques and projects to make the creative process more fluid and more enjoyable for students. Often, it's our setting and mindset that determines creative output, so in order to be truly effective we need to set the scene, and that also includes within ourselves. At this initial stage of the process all we need are paper, pens and people - we keep it organic and focus on generating solutions without any interference. With the projects featured, there's a focus on seeking out solutions for our planet rather than profit and commercialism. These ideas are recorded in a simple sketch book. This book can then help form a 'portfolio' of concepts for each student, so not only do the ideas look to help our world, they also show initiative and

Neurofunctional Prudence and Morality Quarry Books  
When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.
