The week of her wedding, *The Bride* is visited by a bird she recognizes as her dead grandmother because of the cornflower blue line beneath her eyes, her dubious expression, and the way she asks: What is the Internet? Her grandmother is a parakeet. She says not to get married. She says: Go and find your brother. In the days that follow, *The Bride's* march to the altar becomes a wild and increasingly fragmented, unstable journey that bends toward the surreal and forces her to confront matters long buried. A novel that does justice to the hectic confusion of becoming a woman today, *Parakeet* asks and begins to answer the essential questions. How do our memories make, cage, and free us? How do we honor our experiences and still become our strongest, truest selves? Who are we responsible for, what do we owe them, and how do we allow them to change? Urgent, strange, warm-hearted, and sly, *Parakeet* is ribboned with joy, fear, and an inextricable thread of real love. It is a startling, unforgettable, life-embracing exploration of self and connection.

FINALIST FOR THE 2017 NATIONAL BOOK AWARD FOR FICTION Named a Best Book of 2017 by NPR, Entertainment Weekly, the Los Angeles Times, BuzzFeed, Bustle, and Electric Literature “ There was a time I would have called Lisa Ko ’ s novel beautifully written, ambitious, and moving, and all of that is true, but it ’ s more than that now: if you want to understand a forgotten and essential part of the world we live in, The Leavers is required reading. ” —Ann Patchett, author of Commonwealth Lisa Ko ’ s powerful debut, The Leavers, is the winner of the 2016 PEN/Bellwether Prize for Fiction, awarded by Barbara Kingsolver for a novel that addresses issues of social justice. One morning, Deming Guo ’ s mother, Polly, an undocumented Chinese immigrant, goes to her

job at a nail salon—and never comes home. No one can find any trace of her. With his mother gone, eleven-year-old Deming is left mystified and bereft. Eventually adopted by a pair of well-meaning white professors, Deming is moved from the Bronx to a small town upstate and renamed Daniel Wilkinson. But far from all he's ever known, Daniel struggles to reconcile his adoptive parents' desire that he assimilate with his memories of his mother and the community he left behind. Told from the perspective of both Daniel—as he grows into a directionless young man—and Polly, Ko's novel gives us one of fiction's most singular mothers. Loving and selfish, determined and frightened, Polly is forced to make one heartwrenching choice after another. Set in New York and China, *The Leavers* is a vivid examination of borders and belonging. It's a moving story of how a boy comes into his own when everything he loves is taken away, and how a mother learns to live with the mistakes of the past.

stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book--as finely paced as a novel--Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga." --New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress--with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--Say Nothing conjures a world of passion, betrayal, vengeance, and anguish.
