How to Turn On/Off Windows Search

Service in Windows 10

Services are kind of like startup programs, they are usually not necessary, they slow down your computer, and they slow down the boot up process; however, some are useful so that's why I have made a list of ones to get rid of. To turn off services in windows you go to Start > Run > Type: ' services.msc ' >

Double Click on the service you want to alter and change the startup type to disabled or manual as directed in the list of unnecessary services below.
