Difference Between Paper and Permanent Coffee Filters

Coffee made with metal filters tends to be darker in color, taste bolder and may have some coffee sediment at the bottom of the cup or carafe. Paper filters are usually much finer, so they trap more of the coffee granules. Coffee made with paper filters tends to be lighter and brighter in both color and taste.

Do Paper Towels Work as Coffee Filters? | LEAftv

Yes, the SimpleCup paper filter works okay whether placed inside or outside the basket but I find placing it outside allows for the 'natural' progression of filtering (okay, yes, my soils engineering background has influenced this.) Either way, using the reusable K-cup basket AND SimpleCup paper filters saves me about 50 cents (USD) per cup!
