Pep Talks for Writers CEP Press

When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully

examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader.

What is it about the way this text is written that makes you feel and respond the way you do?

The book that Inc. says "every entrepreneur should read" and an FT Book of the Month selection... How did the movie The Shawshank Redemption fail at the box office but go on to gross more than \$100 million as a cult classic? How did The 48 Laws of Power miss the bestseller lists for more than a decade and still sell more than a million copies? How is Iron Maiden still filling stadiums worldwide without radio or TV exposure forty years after the band was founded? Bestselling author and marketer Ryan Holiday calls such works and artists perennial sellers. How do they endure and thrive while most books, movies, songs, video games, and pieces of art disappear quickly after initial success? How can we create and market creative works that achieve longevity? Holiday explores this mystery by drawing on his extensive experience working with businesses and creators such as Google, American Apparel, and the author John Grisham, as well as his interviews with the minds behind some of the greatest perennial sellers of our time. His fascinating examples include: • Rick Rubin, producer for Adele, Jay-Z, and the Red Hot Chili Peppers, who teaches his artists to push past short-term thinking and root their work in long-term inspiration. • Tim Ferriss, whose books have sold millions of copies, in part because he rigorously tests every element of his work to see what generates the strongest response. • Seinfeld, which managed to capture both the essence of the nineties and timeless themes to become a modern classic. • Harper Lee, who transformed a muddled manuscript into To Kill a Mockingbird with the help of the right editor and feedback. • Winston Churchill, Stefan Zweig, and Lady Gaga, who each learned the essential tenets of building a

platform of loyal, dedicated supporters.

Holiday reveals that the key to success for many perennial sellers is that their creators don't distinguish between the making and the marketing. The product's purpose and audience are in the creator's mind from day one. By thinking holistically about the relationship between their audience and their work, creators of all kinds improve the chances that their offerings will stand the test of time.

Most of us want to be rich; we just aren't sure

how to get there. Do we fake it till we make it? Do we work smarter, not harder? Do we quit our day job and pursue our dream? What if the answer to becoming rich doesn't lie in the answers to any of these questions, but instead lies in our ability to change our mindset and imitate the greats? This book will show you just that: how to become rich by changing your mindset and by imitating men who are already rich. *Give and Grow Rich* has been designed so that you get maximum benefit in the least amount of time. Who has time to read more than 100 pages these days? Who would want to? If you want quick solutions, no fluff, and no silly get-rich-quick techniques, then this book is for you. It's like Napoleon Hill's "Think and Grow Rich," but condensed, and more tangible. The same wisdom distilled in a third of the time (and pages). The wisdom doesn't come from me alone, for I started out a poor man just like you. To write this book, I interviewed 7 guys from 7 different income brackets, ranging from \$20,000 per year to \$1 million per year. I asked each of them the same 15 questions, and as I listened to their answers, I saw the trends between the poor, the middle, and the rich. Then, I read the biographies of 7 billionaires from 7 different sectors. Man, did I learn a lot. So I wanted to share the lessons I learned with you. Here's what you can expect: ***You will learn how the poor, middle, and rich think about money. You will learn how they spend, save, invest, and give.*** You will learn how your beliefs about money drive your actions.*** You will learn how two billionaires rose to the top, then gave it all away, and tried to die penniless.*** If you're a parent, you will learn how you can teach your kids about money. I benefited greatly from writing *Give and Grow Rich*, so I know you will benefit greatly from reading it. In fact, from the time I started writing the book, to the time I finished, my income doubled! I started thinking like a rich man, imitating rich men, and it is already benefiting me. The same is true for my friends

who have implemented these lessons. One of them started out poor, the son of missionaries, and he is making nearly \$200,000 per year. Another started out poor, the son of a single mom, and he is making \$75,000 per year and has started two businesses. So if you want a jam-packed, practical, no fluff guide to becoming rich, read this book. Don't be the person who keeps repeating the past, who keeps spinning out in a financial rut. Don't think that the rich will always get richer and the poor will always get poorer. I am living proof that you can change your mind and change your income. You can imitate the greats and become great. My friends have done the same, and you can too. Be the person who becomes a success story and inspires your community. Be the person who gets out of the financial woes and wills yourself to riches. Change your mind and change your money. **GIVE AND GROW RICH.**

The Last Black Unicorn Open Road + Grove/Atlantic

NEW YORK TIMES BESTSELLER “An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious.” —The New York Times Book Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a

broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to inspire others through the power of laughter.
