Literature Review Tips for the Introduction and Discussion ...

As there are various ways to organize your literature review, you should have a rough idea of the structure before you start writing: Writing in the chronological method means you are presenting the materials according to when they were published. Follow this approach only if a clear path of research can be identified.

How To Write A Literature Review, with Example
In order to write a satisfactory literature review you must demonstrate your ability to search out relevant material from a wide variety of sources. Trawl online databases for useful dissertations and articles by using their abstracts to consider relevance, use all available university, college and departmental libraries, consult the web for extra resources, and follow footnotes.
