samples of print and electronic learning portfolios. An academic understanding of and rationale for learning portfolios and practical information that can be customized. Offers a review of the value of reflective practice in student learning and how learning portfolios support assessment and collaboration. Includes revised sample assignment sheets, guidelines, criteria, evaluation rubrics, and other material for developing print and electronic portfolios. Student Work Linked to Standards Excel Books India

"I am delighted to endorse this practical and accessible guide to writing and developing a portfolio for nurses. Unlike many 'how-to-do' approaches to portfolio compilation, this book acknowledges the complexity involved in learning from

practice, and recording that learning in a meaningful way. The book respectfully guides the reader through essential elements to be considered if a portfolio is to be more than a depository of paper, yet avoids prescription in acknowledging the individual nature of the portfolio and its necessity to reflect the nurse's own journey through their career."

Professor Melanie Jasper, Head of College of Human and Health Sciences, Swansea University, UK "The compilation of a nursing portfolio is a task, which is often neglected in the busy student nurse's life between long shifts and assignments. Timmins & Duffy encourage one to take on the challenge and guide one through the process systematically ... Examples of structured reflections and of portfolio layouts make the realisation of one's own well presented portfolio easier than one might think. Any student or qualified nurse will thus benefit from Timmins & Duffy's encouraging book." Karin Schirmaier, Student, University of the West of England, UK "This book is intended for nurses at all stages of their careers and offers a much

needed step-by-step guide to planning, writing and maintaining a portfolio. I was particularly pleased to see a strong emphasis on reflection and education, as a means of encouraging nurses to think critically and learn from their own practice. All in all, this is a very well-constructed book which I highly recommend." Professor Gary Rolfe, Swansea University, UK This handy guide, co-published with the Nursing Standard, is perfect for nurses who need to put together a portfolio and don't know where to start. Written as a step-by-step guide it answers all the common questions about how to compile and write a good nursing portfolio. Each chapter includes different tasks so you can create your portfolio as you work through the book. The book assumes no prior knowledge of portfolio building and includes: Examples of good and challenging portfolio pieces Tools and techniques for reflection and critical thinking Guidance on the NMC competency frameworks Writing your Nursing Portfolio is indispensable reading for all nursing students looking for a clear and accessible guide to

creating and developing a portfolio.

The book describes how the nursing portfolio fits into clinical practice and how it can make a positive difference to the nurse, patient and others.

Portfolio Management in Practice, Volume 1 Hampton Press (NJ)

Intuitive cross-referencing and a modular chapter organization that's simple to follow make it easy for students to work back and forth between the chapters and still stay focused on their own writing. Now also available in a version with 50 fresh, additional readings from a wide range of sources, organized by the genres covered in the guide. The result is

everything you need to teach composition in a flexible, highly visual guide, reference, and reader.

The Essential Guide to Showcasing Your Design Work Online New Riders

This comprehensive book focuses squarely on academic portfolios, which may prove to be the most innovative and promising faculty evaluation and development technique in years. The authors identify key issues, red flag warnings, and benchmarks for success, describing the what, why, and how of developing academic portfolios. The book includes an extensively tested step-by-step approach to creating portfolios and lists 21 possible portfolio items covering teaching, research/scholarship, and service from which faculty can choose the ones most relevant to them. The thrust of this book is unique: It provides time-tested strategies and proven advice for getting started with portfolios. It includes a research-based rubric grounded in input from 200 faculty members and department chairs from across disciplines and institutions. It examines specific guiding questions to consider when preparing every subsection of the portfolio. It presents 18 portfolio models from 16

different academic disciplines. Designed for faculty members, department chairs, deans, and members of promotion and tenure committees, all of whom are essential partners in developing successful academic portfolio programs, the book will also be useful to graduate students, especially those planning careers as faculty members.

Portfolio to Go Feminist Press at CUNY
Illustrating the myriad ways that mothers

provide for their children—piloting airplanes, washing floors, or dancing at a strip club—this book is the first to depict a sex-worker parent. It provides an expanded notion of working mothers and challenges the idea that only some jobs result in good parenting. We're reminded that, while every mama's work looks different, every mama works to make their baby's world better.
