2020 New Year's Resolutions Journal Armchair Alien

"A truly extraordinary saga . . . The characterizations are consistently superb, and [Hobb] animates everything with love for and knowledge of the sea." —Booklist Bingtown is a hub of exotic trade and home to a merchant nobility famed for its liveness—rare vessels carved from wizardwood, which ripens magically into sentient awareness. Now the fortunes of one of Bingtown's oldest families rest on the newly awakened liveness Vivacia. For Althea Vestrit, the ship is her rightful legacy. For Althea's young nephew, wrenched from his religious studies and forced to serve aboard the ship, the Vivacia is a life sentence. But the fate of the ship—and the Vestrits—may ultimately lie in the hands of an outsider: the ruthless buccaneer captain Kennit, who plans to seize power over the Pirate Isles by capturing a liveness and bending it to his will. **BONUS:** This edition includes an excerpt from Robin Hobb's *Mad Ship*. Praise for Robin Hobb and the *Liveship Traders Trilogy* "Fantasy as it ought to be written . . . Robin Hobb's books are diamonds in a sea of zircons." —George R. R. Martin "A major work of high fantasy, reading like a cross between Tolkien and Patrick O'Brian . . . one of the finest fantasy sagas to bridge the millennium." —Publishers Weekly "Rich, complex . . . [Hobb's] plotting is complex but tightly controlled, and her descriptive powers match her excellent visual imagination. But her chief virtue is that she delineates character extremely well." —Interzone

Creating Character Arcs Penforasword Publishing, LLC Rule number 27: Don't trust the weird Sisters. Or maybe it's don't steal from gangsters. Either way...words to live by. The Lyra is safe. And so is Alek Wa's secret. His mission is over, and he can leave the ship. But he's not sure he wants to. And when the Sisters of Elazir drop them into the Green Zone, Alek's stomach sinks. The last time he was here, he fled with his life and barely got away. Rebeka Mino isn't happy to be in the Green Zone, ruled by gangsters and reprobates. She can survive it though — she's been there before. But then things go from bad to worse: her ex shows up with a treasure map to a fabled ship. With the Lyra back in working order, Tink has no desire to chase after mythical treasure ships. She wants life to get back to normal: odd jobs, the occasional salvage and tinkering in her engine room. But with her secret exposed and unwelcome guests, she doubts if things can ever go back to normal...and Alek Wa is still onboard. When the gangsters start shooting, their only escape might be to find a lost ship in a dark grave. Can Alek outrun his past? Can Rebeka's ex survive their reunion? Can they uncover the mystery ship and its treasure? Most importantly, can they get out with their lives? Find out in this edge-of-your-seat sequel to *A Dead Ship in the Deep Black!*

The New Year's Resolution Journal 大賢者外語

Want to learn to write a novel? This is the book for you! The key to writing a good novel is to tell a good story, and this book will show you how to tell a good story in novel form. We'll look at all the important parts of a satisfying story structure: -The introduction. How to set the stage for your book. -The conflict and the inciting incident. All stories revolve around conflict, and the more emotionally significant the conflict, the better. -Rising action. Your characters need to take action to resolve their conflict, and they will experience setbacks and failures. -The climax. The more significant the conflict, the more powerful its climax and resolution. -The resolution. We see how the conflict and its resolution have changed the characters. Finally, this book contains a complete annotated copy of the author's novel **SILENT ORDER: IRON HAND** to provide an example of a novel that follows the rules of story structure. From the

introduction to the resolution, **STORYTELLING: HOW TO WRITE A NOVEL** will show you how to write a compelling novel of your own!

American Crisis Cengage Learning

Bank Recovery and Resolution Second Edition Sven Schelö Since 2008, enormous efforts have been made worldwide to draft rules to prevent a reoccurrence of the devastating financial events of that year. In the process, bank business has been laid open to intense public and government scrutiny, and regulation of banking has grown to spectacular proportions. Prominent among the measures taken is the EU Bank Recovery and Resolution Directive (BRRD), which, together with the Single Resolution Mechanism (SRM) and the Single Resolution Fund, constitutes a crucial new pillar in the European Banking Union. Practitioners searching for orientation in what can readily be perceived as a 'jungle' have an urgent need for a clear and systematic description and analysis of these new rules, which are sure to have a massive impact on bank business from this time on, not only in Europe but also wherever European business is to be found. The solidly grounded analysis in this important book sets the new rules under BRRD into their full context as cross-border phenomena. With its crystal-clear explanation of key provisions, procedures, and 'triggers', the book organises a highly complex legal system into patterns and action plans that can be applied in virtually any eventuality likely to arise in cases where bank business is of central significance. Among the topics covered are the following: – entities covered by BRRD; – exceptions under BRRD; – objective and scope of BRRD tools – bail-in, bridge bank, sale of business, asset separation; – asset quality reviews; – curing or mitigating the continuing problem of non-performing loans; – new rules as response to lack of private solutions; – banks' requirement to provide a minimum amount of eligible liabilities; – safety buffers to protect resolution; – need to be 'resolvable' in a worst case; – leverage and liquidity ratios; – forced mergers; – market spillover effects of recovery planning; – group recovery planning; – effects of foreign law contracts and assets; – write-down of capital instruments; and – special problems of cross-border restructuring. The presentation is enhanced by a comparative dimension, which includes reference to United States and other national developments and a full-scale analysis of Switzerland's regulatory response to the crisis.

Given that a full seamless global system of bank recovery and resolution has not yet been found, and that major banks are global players headquartered in different jurisdictions and even different continents, this book will greatly assist in the work of practitioners who must deal with cases involving international banking under the prevailing status quo. Its usefulness to officials and academics in international banking and finance law and policy, who are working towards a global solution, is of incalculable value.

Master and Man Pearson UK

You've just boarded a plane. You've loaded your phone with your favorite podcasts, but before you can pop in your earbuds, disaster strikes: The guy in the next seat starts telling you all about something crazy that happened to him—in great detail. This is the unwelcome storyteller, trying to convince a reluctant audience to care about his story. We all hate that guy, right? But when you tell a story (any kind of story: a novel, a memoir, a screenplay, a stage play, a comic, or even a cover letter), you become the unwelcome storyteller. So how can you write a story that audiences will embrace? The answer is simple: Remember what it feels like to be that jaded audience. Tell the story that would win you over, even if you didn't want to hear it. *The Secrets of Story* provides comprehensive, audience-focused strategies for becoming a master storyteller. Armed with the Ultimate Story Checklist, you can improve every aspect of your fiction writing with incisive questions like these: • Concept: Is the one-sentence description of your story uniquely appealing? • Character: Can your audience identify with your hero? • Structure and Plot: Is your story ruled by human nature? • Scene Work: Does each scene advance the

plot and reveal character through emotional reactions? • Dialogue: Is your characters' dialogue infused with distinct personality traits and speech patterns based on their lives and backgrounds? • Tone: Are you subtly setting, resetting, and upsetting expectations? • Theme: Are you using multiple ironies throughout the story to create meaning? To succeed in the world of fiction and film, you have to work on every aspect of your craft and satisfy your audience. Do both--and so much more--with *The Secrets of Story*.

The Deceivers Trudy M Johnson, LMFT

Relocating to an Old-West saloon town in the aftermath of the events in Appaloosa, Everett Hitch takes a job protecting the women in a house of ill repute but finds his peace at the side of an old friend challenged by a hired gun and a greedy mine owner. By the owner of Now & Then. 150,000 first printing.

Resolution Frankie Love

No one wants to go into a tenuous situation blind and fumbling for words. Rather than shy away from a difficult situation or conversation, *The Conflict Resolution Phrase Book*, is the ideal resource to help anyone prepare for and prevail in these situations. Some situations are unpredictable, and you can't plan for every conversation--but having the right words on hand empowers you to stand up to conflict rather than run from it. The more you practice confronting and even embracing conflict, the stronger that habit will become and the less likely you will feel like fleeing from a difficult situation. *The Conflict Resolution Phrase Book* is a great resource that everyone should have at their fingertips to approach any difficult situation with the assurance that the words will come out right! You will learn: Positive things to say when you're initiating or responding to a difficult conversation. How to find and craft language to start a conversation. The right words for you to positively influence the situation. *The Conflict Resolution Phrase Book* is a natural complement to the authors' previous best-seller, *The Essential Workplace Conflict Handbook*.

A Lost Ship in a Dark Grave Red Wheel/Weiser

7 Principles of Conflict Resolution is the go-to resource for conflict and dispute resolution, whether you're new to the subject or an experienced practitioner. This book sets the out 7 principles to create and maintain successful, workable relationships through effective conflict resolution. It provides you with the tools to resolve or mediate difficult conversations and conflict situations whatever the situation or context and help other people do the same to transform professional and personal relationships permanently. Crucially, it allows you to achieve results without the need to go to court or litigation even when conflict has escalated or is entrenched. The 7 principles to effective conflict resolution will enable you to understand, discuss and resolve problematic situations whether as an individual or organisation: 1. Acknowledge the Conflict 2. Take Control: building resolution focussed conversations 3. Construct a Resolution with the Conflict Resolution Framework 4. Enable others' Success 5. Build the Resolution Culture 6. Walk the Walk 7. Engage the safety net: When informal resolution doesn't work *7 Principles of Conflict Resolution* will guide you through the process from beginning to end, with a framework for conversations and tools, techniques and strategies that work. There are also templates, exercises and worksheets that you can use to support conversations.

Outlining Your Novel Kluwer Law International B.V.

At the heart of this important new book is the tension between literacy and the open acknowledgement of discrepancies within social and linguistic fields on the one hand, and what Sussman terms the resolving function, the utopian picture of harmony depicted by the state and large organizations, on the other. After discussing some examples of the resolving function--Barthes's notion of the myth, Kundera's fictional treatment of kitsch, and contemporary television--Sussman draws on a line of theoretical inquiry extending from Saussure to Derrida in order to put forth a differential model of literacy in which the skills necessary to participate productively in culture are more disjunctive than associative in nature. Awareness of the discrepancies set into play by language is necessary, he argues, for both the individual and the society to understand the complex and sometimes contradictory web of socioeconomic, political, and semiological relations in which they are involved. Combining literary theory with close textual readings of works by Hawthorne, Melville, Wallace Stevens, Ezra Pound, William Carlos Williams, and Italo Calvino, this book is the first to explore the socio-political correlatives to literary studies--the mass media's ambivalence toward the linguistic apprehensions and skills that make them possible.
