The Speechwriter Ladybird

A top speechwriter for George W. Bush and Donald Rumsfeld presents a candid portrait of official Washington operations and how they quickly ended his illusions about those he once held in high regard, in a lighthearted account that reveals lesser-known truths about top government figures. Reprint.

How to Hook Your Audience from the Start with an Engaging and Effective Beginning Oxford University Press

Since the publication of his groundbreaking books Writing Without Teachers and Writing with Power, Peter Elbow has revolutionized how people think about writing. Now, in Vernacular Eloquence, he makes a vital new contribution to both practice and theory. The core idea is simple: we can enlist virtues from the language activity most people find easiest-speaking-for the language activity most people find hardest-writing. Speech, with its spontaneity, naturalness of expression, and fluidity of thought, has many overlooked linguistic and rhetorical merits. Through several easy to employ techniques, writers can marshal this "wisdom of the tongue" to produce stronger, clearer, more natural writing. This simple idea, it turns out, has deep repercussions. Our culture of literacy, Elbow argues, functions as though it were a plot against the spoken voice, the human body, vernacular language, and those without privilege-making it harder than necessary to write with comfort or power. Giving speech a central role in writing overturns many empty preconceptions. It causes readers to think critically about the relationship between speech, writing, and our notion of literacy. Developing the political implications behind Elbow's previous books, Vernacular Eloquence makes a compelling case that strengthening writing and democratizing it go hand in hand.

How to Write a Perfect Wedding Speech: The Ultimate Wedding Toast Guide Macmillan

Overcome the fear that strikes when a speech is called for. Speech assignments are near-death experiences for most people. Few

communication professionals can claim specialist credentials as speechwriters. There is always the pressure of other deadlines. And there are the two barriers many find almost insurmountable: writing the spoken word; and writing for someone else. Having to write and deliver a presentation or speech at work or socially strikes fear into most hearts. Speech Makers Bible is based on decades writing headline speeches for government and corporate leaders. The book illustrates how to write a high level speech for public delivery, and to write polished speeches for everyday occasions and deliver them with confidence. It is a practical, step-by-step guide from a leading Australian speechwriter, laced with helpful and inspirational examples and case studies.

How to Write a Speech Harper Collins

The boss asks, “Can you write a speech?” She wants you to say yes. You want to say yes. But the truth is, you're not sure. That's when you turn to 10 Steps to Vital Speechwriting, the pithy, wise, realistic and readable guide to speechwriting. It's written by speechwriting guru Fletcher Dean, and published by the prestigious monthly magazine Vital Speeches of the Day. 10 Steps to Vital Speechwriting is a brisk guide through the skills that make speechwriting such a valued and lucrative communication specialty. It teaches readers how to analyze audiences, target them with your message, interview the speaker and research the speech, form your material into a compelling story, give it structure, write it with style, create visual aids and coach your speaker through the delivery process. This manual contains insider tips, checklists and counterintuitive but important truths. And every lesson in this book is illuminated by an inspiring and helpful example from speeches by presidents and prime ministers, CEOs and military generals, political provocateurs and church leaders. Readers of this manual will not only be able to respond to their worried boss in the affirmative, they'll be raring to go.

A writing guide for the twenty-first century, Vernacular Eloquence explores how the variety of ways the spoken word can enhance the written word, drawing on examples from blogs, email, and other recent trends.

What Speech Can Bring to Writing Lulu.com

Can free speech coexist with an inclusive campus environment? Hardly a week goes by without another controversy over free speech on college campuses. On one side, there are increased demands to censor hateful, disrespectful, and bullying expression and to ensure an inclusive and nondiscriminatory learning environment. On the other side are traditional free speech advocates who charge that recent demands for censorship coddle students and threaten free inquiry. In this clear and carefully reasoned book, a university chancellor and a law school dean—both constitutional scholars who teach a course in free speech to undergraduates—argue that campuses must provide supportive learning environments for an increasingly diverse student body but can never restrict the expression of ideas. This book provides the background necessary to understanding the importance of free speech on campus and offers clear prescriptions for what colleges can and can’t do when dealing with free speech controversies.

Using Speech Recognition Software to Dictate Your Book and Supercharge Your Writing Workflow John Wiley & Sons

This volume examines how oral and written language function in school learning , and how oral texts can be successfully inter-connected to the written texts that are used on a daily basis in schools. Rather than argue for the prominence of one over the other, the goal is to help the reader gain a rich understanding of how both might work together to create a new discourse that ultimately creates new knowledge. Talking Texts: Provides historical background for the study of talk and text Presents examples of children’s and adolescents’ natural conversations as analyzed by linguists Addresses talk as it interfaces with domains of knowledge taught in schools to show how talk is related to and may be influenced by the structure, language, and activities of a specific discipline. Bringing together seminal lines of research to create a cohesive picture of discourse issues germane to classrooms and other learning settings, this volume is an essential resource for researchers, graduate students, classroom teachers, and curriculum specialists across the fields of discourse studies, literacy and English education, composition studies, language development, sociolinguistics, and applied linguistics.
