Write your work instructions in a way that makes them easy to understand for every employee who does the task. Use the active voice to help your reader, which refers to the subject, verb, noun sentence structure. For example, the man (subject) sipped (verb) his beer (noun), not, his beer the man sipped.

Writing an Instruction Manual: Some Important Basic Principles

Being wordy just to add content and to make the manual longer is never recommended. If a procedure can be answered in just a few sentences then it is best to leave it that way. Be brief by getting to the point and answering all important items that need to be addressed. State the details, but make every word count.
