When Elizabeth just barely made it through her first full moon as a werewolf, she thought the worst was behind her. She was wrong. While she struggles to control her temper and keep her wolf side at bay, she's also juggling her old life as an attorney living in Raleigh, with being a werewolf in a pack in Asheville. Add in the fact that the man that attacked her is now killing women who look just like her, and she has her hands full. Good thing she has Abraham by her side. The werewolf who's apparently her fated mate is the sexiest man she's ever met, and all hers. So, why can't she give him her heart like he's given his? Can Elizabeth give up her old life in Raleigh and commit to Abraham and her new pack? If she puts aside her fears and stubborn pride, she might. That is if she can figure out who the serial killer is before he comes back for her.

"Shelly Laurenston's shifter books are full of oddball characters, strong females with attitude and dialogue that can have you laughing out loud." —The Philadelphia Inquirer Some men just have more to offer. Like hard-muscled, shape-shifting Bo Novikov--part polar bear, part lion, pure alpha... Ten years after Blayne Thorpe first encountered Bo Novikov, she still can't get the smooth-talking shifter out of her head. Now he's shadowing her in New York--all seven-plus feet of him--determined to protect her from stalkers who want to use her in shifter dogfights. Even if he has to drag her off to an isolated Maine town where the only neighbors are other bears almost as crazy as he is. Let sleeping dogs lie. Bo knows it's good advice, but he can't leave Blayne be. Blame it on her sweet sexiness--or his hunch that there's more to this little wolfdog than meets the eye. Blayne has depths he hasn't yet begun to fathom--much as he'd like to. She may insist Bo's nothing but a pain in her delectable behind, but polar bears

have patience in spades. Soon she'll realize how good they can be together. And when she does, animal instinct tells him it'll be worth the wait... "Non-stop laughter, snark, and witty banter."

Beat movement icon and visionary poet, Allen Ginsberg was one of the most influential poets of the twentieth century, and broke boundaries with his fearless, pyrotechnic verse. The apocalyptic 'Howl', originally written as a performance piece, became the subject of an obscenity trial when it was first published in 1956. It is considered to be one of the defining works of the Beat Generation, standing alongside that of Burroughs, Kerouac, and Corso. In it, Ginsberg attacks what he saw as the destructive forces of materialism and conformity in the United States at the time, and takes on issues of sex, drugs and race, simultaneously creating what would become the poetic anthem for US counterculture.

Complete with romance, action, comedy, and an army of shambling corpses, this prequel to the hit mash-up novel will have Jane Austen rolling in her grave—or crawling out of it! Suddenly, corpses are springing from the soft earth—and only one family can stop them. As the bodies pile up, Elizabeth Bennet grows from a naive young teenager into a savage slayer of the undead. Along the way, two men vie for her affections: Master Hawksworth is the powerful warrior who trains her to kill, while thoughtful Dr. Keckilpenny seeks to conquer the walking dead using science instead of strength. Bertolt Brecht's silent Kattrin in *Mother Courage*, or the disability performance lessons of his Peachum in *The Threepenny Opera*; Tennessee Williams' limping Laura Wingfield in *The Glass Menagerie* and hard-of-hearing Bodey in *A Lovely Sunday for Creve Coeur*; Samuel Beckett's blind Hamm and his physically disabled parents Nagg and Nell in *Endgame* — these and many further examples attest to disability's critical place in modern drama. This Companion explores how disability performance studies and theatre practice provoke new debate about the place of disability in these works. The book traces the local and international processes and tensions at play in disability theatre, and offers a critical investigation of the challenges its aesthetics pose to mainstream and traditional practice. The book's first part surveys disability theatre's primary principles, critical terms, internal debates and key challenges to theatre practice. Examining specific disability theatre productions of modern drama, it also suggests how disability has been re-envisioned and embodied on stage. In the book's second part, leading disability studies scholars and disability theatre practitioners analyse and creatively re-imagine modern drama, demonstrating how disability aesthetics press practitioners and scholars to rethink these works in generative, valuable and timely ways.

Gods of Howl Mountain St. Martin's Press

The enthralling new novel from the acclaimed author of *Fallen Land*, *The River of Kings*, and *Gods of Howl Mountain* Retired racehorse jockey and Vietnam veteran Anse Caulfield rescues exotic big cats, elephants, and other creatures for Little Eden, a wildlife sanctuary near the abandoned ruins of a failed development on the Georgia coast. But when Anse ’ s prized lion escapes, he becomes obsessed with replacing her—even if the means of rescue aren ’ t exactly legal. Anse is joined by Malaya, a former soldier who hunted rhino and elephant poachers in Africa; Lope, whose training in falconry taught him to pilot surveillance drones; and Tyler, a veterinarian who has found a place in Anse ’ s obsessive world. From the rhino wars of Africa to the battle for the Baghdad Zoo, from the edges of the Okefenokee Swamp to a remote private island off the Georgia coast, Anse and his team battle an underworld of smugglers, gamblers, breeders, trophy hunters, and others who exploit exotic game. *Pride of Eden* is Taylor Brown's brilliant fever dream of a novel: set on the eroding edge of civilization, rooted in dramatic events linked not only with each character ’ s past, but to the prehistory of America, where great creatures roamed the continent and continue to inhabit our collective imagination.
