You do not need an HP part number processor.
All the 620M processors are the same. If the
processor is in the Service Guide it should
work on the same motherboard. The G62 Manual is
very complex with Model 1.0, 1.1, 1.2, etc. The

620M is only for Model 1.0. Be sure you have the
same, but the i3-330M is also apparently only
used on Model 1.0.
