The aim of this book is to bring together a series of contributions from experts in the field to cover the major aspects of the application of geostatistics in precision agriculture. The focus will not be on theory, although there is a need for some theory to set the methods in their appropriate context. The subject areas identified and the authors selected have applied the methods in a precision agriculture framework. The papers will reflect the wide range of methods available and how they can be applied practically in the context of precision agriculture. This book is likely to have more impact as it becomes increasingly possible to obtain data cheaply and more farmers use onboard digital maps of soil and crops to manage their land. It might also stimulate more software development for geostatistics in PA.

Inspired by the famous Chinese fortune cookie, 60 Fortune Cookies compiles sixty proverbs filled with humor and wisdom. Perfect for reflecting on everyday life, these adages remind us that " love is blind to the future " and that " the cycle of life is no reason to be going in circles, " in addition to asking simple yet resonant questions to help us meditate on our lives. Each saying is complemented by a striking red and black image and a Chinese translation, displaying the beauty/elegance of Chinese calligraphy. Every page of this book gives readers of all ages a chance to crack open a fortune cookie and discover what is inside. With whimsical drawings, Chinese calligraphy, and both French and English text, 60 Fortune Cookies bridges the gap between cultures of the East and West with harmonious and universal themes.

"Once upon a Time" Is Timeless The year is 1880, and Bertie, having just arrived in New York with her family, is grateful to be given work as a seamstress in the home of textile tycoon J. P. Wellington. When the Wellington family fortune is threatened, Bertie's father boasts that Bertie will save the business, that she is so skillful she can "practically spin straw into gold." Amazingly, in the course of one night, Bertie creates exquisite evening gowns -- with the help of Ray Stalls, a man from her tenement who uses an old spinning wheel to create dresses that are woven with crimson thread and look as though they are spun with real gold. Indebted to Ray, Bertie asks how she can repay him. When Ray asks for her firstborn child, Bertie agrees, never dreaming that he is serious....

The cataclysm began more than a century earlier, when the King of Ayr died before naming an heir to the throne, and damned his realm to chaos. The cold-blooded conspiracies of the Renne and the Wills—each family desirous of the prize of rule—would sunder the one kingdom, and spawn generations of hatred and discord. Now Toren Renne, leader of his great and troubled house, dreams of peace—a valiant desire that has spawned hostility among his kinsmen, and vicious internal plots against his life. In the opposing domain, Elise Wills's desire for freedom is to be crushed, as an unwanted marriage to an ambitious and sinister lord looms large. As always, these machinations of nobles are affecting the everyday lives of the common folk—and feeding a bonfire of animosity that has now trapped an unsuspecting young Valeman Tam and two fortune-hunting friends from the North in its high, killing flames. But the closer Toren comes to achieving his great goal of uniting two enemy houses, the more treachery flowers. Nobles and mystics alike conspire to keep the realm divided, knowing that only in times of strife can their power grow. And perhaps the source of an unending misery lies before an old king's passing, beyond the scope of history, somewhere lost in a fog of myth and magic roiling about an ancient enchanter named Wyrre—who bequeathed to his children terrible gifts that would poison their lives...and their deaths. It is a cursed past and malevolent sorcery that truly hold the land, its people, and its would-be rulers bound. And before the already savaged kingdom can become one again, all Ayr will drown in a sea of blood.
