A+ Guide to Managing & Maintaining Your PC John Wiley & Sons

It's a Service World. To succeed long-term, companies must retain and grow their customer base. The Effective Manager's Handbook for Customer Service Success is the tool that will give every manager insight into successful customer service, from people to processes, from motivation to measurement. Including 52 quick and enlightening customer service tips plus weekly motivational quotes

from business leaders and philosophers, the Handbook can be an asset to your company. The Handbook also offers an action-oriented Weekly Service Notebook. This tool encourages simple but effective daily documentation of service successes to recognize employee performance. You can also document symptoms of poor service, the complaints and issues often identified but more often forgotten that become chronic to your company. Documenting symptoms enables you to focus improvement efforts and maximize customer retention. Whether the action is to recognize great employee service or attack a recurring customer service issue, use this tool to document successes and symptoms. Review and act weekly. Constantly strive to improve your bottom line by improving your customer service. Every company in the world can improve its customer service. This book, in

your hands, can help you begin Improving Your Bottom Line by Improving Your Customer Service...today!

Lab Manual for Andrews' A+ Guide to Hardware, 6th Voyage Press

Ready to move to the Mac? This incomparable guide helps you make a smooth transition. New York Times columnist and Missing Manuals creator David Pogue gets you past three

challenges: transferring your stuff, assembling Mac programs so you can do what you did with Windows, and learning your way around Mac OS X. Learning to use a Mac is not a piece of cake, but once you do, the rewards are oh-so-much better. No viruses, worms, or spyware. No questionable firewalls or inefficient permissions. Just a beautiful machine with a thoroughly reliable system. Whether you're using Windows XP or Windows 7, we've got you covered. Transfer your stuff. Moving files from a PC to a Mac is the easy part. This guide gets you through the tricky things: extracting your email, address book, calendar, Web bookmarks, buddy list, desktop pictures, and MP3 files. Re-create your software suite. Big-name programs from Microsoft, Adobe, and others are available in both Mac and Windows versions. But hundreds of other programs are Windows-only. Learn the Macintosh equivalents and how to move data to them. Learn Mac OS X Lion. Once you've moved into the Macintosh mansion, it's time to learn your way around. You're in good hands with the author of Mac OS X: The Missing Manual, the #1 bestselling guide to Mac OS X.
