I tried putting in two new HP cartridges and I still get the message "remove and inspect print cartridges." Tried cleaning the contacts as well as all the other posted fixes with no luck. I swapped cartridges with my HP 9800 (the 7310 and the 9800 use the same cartridges) and now my 9800 won't work either.

#5 - I inserted the HP CD that came with my printer, into the computer's CD ROM, & Ran/Installed the software. #6 - I plugged my computer back into the wall, just after the printer software began to run/install.
