How to fix ADF Document Feeder problem on HP Officejet ...

HP Officejet Pro 8600 Plus won't print from manual feed ...
The printer only has an input try for printing on the front of the machine and does not have a top feeder designed for printing. You will have to pull out the try to put in a single page manually. If your document has no print on the other side then you can use the two sided printing option within the HP software.

On my OJ Pro 8600, When I go to print a # 10 envelope, it feeds the envelope through and then prints the address on a letter page. I was forced to set the printer preferences to #10 envelope, and within Word, set the paper type to # 10 envelope, set Word up for center feed, and then put everything back to print normally.
