Lab Manual for Health Assessment in Nursing, 5e serves as a laboratory manual and a study guide for the student. Each chapter of the lab manual corresponds to a chapter in the main textbook assisting students with comprehending and applying the theoretical content. Students will fully develop their assessment skills using the new interview guides and assessment guides.

Students will also develop independence and readiness for test-taking by answering questions designed to hone these skills.

Critical thinking skills are further developed when students participate in the Critical Thinking and Case Study activities.
