My main purpose in writing this book is to show how different things may have been created or will take place in reality and prepare for it. Some of the things that we believe in may have already taken place. If things have taken place that pertains to our salvation, then we need to believe them. The main thing that we need to do is to be prepared and help others to meet Christ at his coming, or when we die. That should be the desire of all of us that follow Christ. I believe the First Resurrection started at the resurrection of Christ and will end at his coming. You must believe this because Christ paid the price in full by dying on the cross.
