Barrett McCall once lived like there was not tomorrow. Now the reformed party animal savors each day as a gift. His short order cook job at Dixie's Cup pays the rent and he's content with his sober if solitary life. When a fire leave him homeless. Dixie's offer to let him move into her basement apartment puts him on a collision course with her nephew, art teacher Schuyler Rhodes. The heat between them crackles but in Schuyler's eyes Barrett recognizes the same demons he exorcised long ago.

The Poetry of Religious Sorrow in Early Modern England Rutgers University Press  
Written in recognition of developments in spatial data analysis that focused on differences between places, the first edition of Local Models for Spatial Analysis broke new ground with its focus on local modelling methods. Reflecting the continued growth and increased interest in this area, the second edition describes a wide range of methods which account for local variations in geographical properties. What ' s new in the Second Edition: Additional material on geographically-weighted statistics and local regression approaches A better overview of local models with reference to recent critical reviews about the subject area Expanded coverage of individual methods and connections between them Chapters have been restructured to clarify the distinction between global and local methods A new section in each chapter references key studies or other accounts that support the book Selected resources provided online to support learning An introduction to the methods and their underlying concepts, the book uses worked examples and case studies to demonstrate how the algorithms work their practical utility and range of application. It provides an overview of a range of different approaches that have been developed and employed within Geographical Information Science (GIScience). Starting with first principles, the author introduces

users of GISystems to the principles and application of some widely used local models for the analysis of spatial data, including methods being developed and employed in geography and cognate disciplines. He discusses the relevant software packages that can aid their implementation and provides a summary list in Appendix A. Presenting examples from a variety of disciplines, the book demonstrates the importance of local models for all who make use of spatial data. Taking a problem driven approach, it provides extensive guidance on the selection and application of local models.

Land Rover Series II & Lia Petersons

In early modern England, religious sorrow was seen as a form of spiritual dialogue between the soul and God, expressing how divine grace operates at the level of human emotion. Through close readings of both Protestant and Catholic poetry, Kuchar explains how the discourses of 'devout melancholy' helped generate some of the most engaging religious verse of the period. From Robert Southwell to John Milton, from Aemilia Lanier to John Donne, the language of 'holy mourning' informed how poets represented the most intimate and enigmatic aspects of faith as lived experience. In turn, 'holy mourning' served as a way of registering some of the most pressing theological issues of the day. By tracing poetic representations of religious sorrow from Crashaw's devotional verse to Shakespeare's weeping kings, Kuchar expands our understanding of the interconnections between poetry, theology and emotion in post-Reformation England.

One of the most unconventional yet immensely popular deities in the Hindu pantheon, goddess Kali essentially represents the dark and contrary aspects of the cosmos. Her naked form and association with violence, blood and gore challenge the very concept of divinity. Yet, over the centuries, she has come to represent a whole gamut of conflicting images-from bloodthirsty ogress to benign goddess. So today while she is venerated as Chamunda, a deity who verges on the macabre and grotesque, she is also adored in household shrines in one of her milder forms, Dakshina-Kali. It is this evolution of Kali-from her origin as a tantric goddess to her metamorphosis into a divinity in mainstream religion-that Seema Mohanty captures brilliantly in this book. Drawing upon a variety of sources-rituals associated with the worship of Kali, tales from the Ramayana, the Mahabharata, the Puranas, the Tantras and Agamas, folklore and films-she has succeeded in portraying in engrossing detail the myriad manifestations of the enigmatic deity that is Kali.
