did we begin our course by discussing the functions of the body systems? What were our key conclusions from that discussion? We began our course discussing the functions of the body systems to remind ourselves of how things are organized and to identify the body systems that we will be studying in this course. Research for Your Most Important Health Purchases Reinforce your understanding of the concepts in Patton ' s The Human Body in Health & Disease, 7th Edition! Corresponding to the chapters in the text, this study guide reviews essential medical... 20 Best Book Study Guide For The Human Body In

Health And ...

These functions are: protecting the body ' s internal organs and tissues; protection from dehydration by helping to retain body fluids; protection from infectious organisms; maintaining a body temperature that is consistent with life; receptor site for pressure, sensation, pain, and temperature; excretion of waste materials through sweating; storing fat, water, and glucose; production of vitamin D.
