Human Instinct: How Our Primeval Impulses Shape Our Modern ...
The instinct was very strong in the primeval people, and men would spend a lot of their time hunting and providing for their families. Nowadays we don't chase mammoths anymore, we hunt our food in the supermarkets, and we need money to pay for it. Yes, money falls in the category N1 of our basic instincts.

Sexual drive, survival, competition, aggression - all of our impulses are driven by our human instincts. They explain why a happily married man will fantasize about the pretty, slim, young woman sitting across from him in the tube and why thousands of people spend their week entirely focused on whether their team will win their next crucial match.

We live not in a primeval pure world, but in a world that is known and has been transformed, a world where everything has, as it were, been given a "human angle", a world permeated with our attitudes towards it, our needs, ideas, aims, ideals, joys and sufferings, a world that is part of the vortex of our existence. If we were to remove this "human factor" from the world, its sometimes ...
