Human Resource Management for the Hospitality and Tourism Industries takes an

integrated look at HRM policies and practices in the tourism and hospitality industries. Utilising existing human resource management (HRM) theory and practice, it contextualises it to the tourism and hospitality industries by looking at the specific employment practices of these industries, such as how to manage tour reps or working in the airline industry. It initially sets the scene with a broad review of the evidence of HRM practice within the tourism and hospitality industries. Having identified the broader picture, the text then begin to focus much more explicitly on a variety of HR policies and practices such as: • recruitment and selection: the effects of ICT, skills required specific for the industry and the nature of advertising • legislation and equal opportunities: illegal discrimination and managing diversity • staff health and welfare: violence in the workplace, working time directives, smoking and alcohol and drug misuse •

remuneration strategies in the industry: the 'cafeteria award' approach, minimum wage and tipping Human Resource Management for the Hospitality and Tourism Industries is illustrated throughout with both examples of best practice for prescriptive teaching and discussion, and international case studies to exercise problem solving techniques and contextualise learning. It incorporates a user friendly layout and includes pedagogic features such as: chapter outlines and objectives, HRM in practice – boxed examples, reflective review questions, web links' discussion questions and further reading. Accompanying the text are online supplementary lecturer materials including downloadable figures from the book, PowerPoint slides, further cases and extra exercises and points for discussion.

In an era that has brought new and unexpected challenges for virtually every company, one would be hard-pressed to find any responsible manager who is not thinking about what the future will bring. In the wake of these challenges, strategic planning has moved from being the reserve of large corporations to becoming an essential need for even small and medium-sized enterprises. But what good is even the most convincing strategic concept if the company's people are unwilling or unable to put it into practice? The key is to develop people, and to develop them not only for the work of today, but also for the challenges that the future holds. Strategic HR development has become a decisive force for the success of any business. This book, edited by Matthias T. Meifert, shows us which basic considerations we need to remember and what strategic HR development means in practice. Its interesting and vivid approach takes the reader on a tour of the eight stages of HR development, introduces the critical factors, and highlights many practical recommendations for strategic HR development practice in business.

How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which

transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.
