Dev, a young British-Asian writer in London, is suddenly informed by his live-in girlfriend, Jo, that she's pregnant. His reaction is to take off for Munich, leaving a note for Jo on the telephone table. What he tells her is that he urgently needs to recover a couple of old manuscripts from his ex-girlfriend, Heidi. What he doesn't say is that although Heidi left him years ago, he has never

---

stopped hoping for a second chance with her. This is Dev's now-or-never opportunity to bare his heart, and get a definite answer. But shortly after their meeting, Heidi disappears without a trace, and her furious mother places the blame entirely on Dev. It now falls on him to try and find her. Unfortunately, the only man who can help him is the one person he would never wish to see again, the infuriating Rodrigo, the man Heidi left him for! Two men thrown together, who could not be more different, but want the same woman equally badly. They will risk everything to reach her. This is their story.

Timothy Cheek's revised edition of *Singing in Czech: A Guide to Czech Lyric Diction and Vocal Repertoire*, with its accompanying audio accessible online, builds on the original pioneering work of 2001 that set "a new and very welcome high standard for teaching lyric diction," according to *Notes: The Journal of the Music Library Association*. It offers users updated information, important clarifications, and expanded repertoire in a more accessible, easier to use format. *Singing in Czech* is divided into two parts. Using IPA, the first part takes the reader systematically through each sound of the Czech language, enhanced by recordings of native Czech opera singers.

Chapters cover the Czech vowels, consonants, rules of assimilation, approaches to singing double consonants, stress and length, Moravian dialect, and an introduction to singing in Slovak. Fine points of formal pronunciation have been clarified in this revised edition. In the second part, Cheek offers a thorough overview of Czech art song, expanded from the first edition. Texts to major song literature and opera excerpts by Smetana, Dvořák, Janáček, Martin?, and Haas, with timings, editions, word-for-word translations, idiomatic translations, and IPA transcriptions follow. In this revision, Cheek has included

---

additional cycles by Dvořák and Martin?, and two new chapters on Czech female composers Vítězslava Kaprálová and Sylvie Bodorová. This revised edition of *Singing in Czech* is useful for all those who are interested and engaged in the performance of the rich Czech vocal repertoire.
