Thread the next looper, which is second to the right. For a five-thread machine, the threading guide is blue and for a

four-thread machine, it is green.

[Husqvarna Viking S-21 Serger 5 Threading - YouTube](#)

Threading any serger has the potential for being a daunting task. That is definitely the case with the Huskylock s25. When I first saw this machine, it was set up for four thread and two needles and already partially threaded. I followed the threading guide on the inside of the lower looper door to complete the process and everything

looked great.

Huskylock Threading
Guide - 1x1px.me

The Huskylock s15
(Amazon) is a mid-
range overlocker with
2, 3, and 4 thread stitch
ability. A technician I
spoke to praised
Husqvarna Viking as a
brand that makes nice
machines. However, I
found some concerns
about the threading,
flimsy front cover, and
noise level from buyer
reviews. I also
wouldn't buy this

model over the Brother
4234D.

Huskylock Threading Guide

All three Huskylock
machines feature 3 and
4-thread capabilities for
seaming and overcasting.
Use 2-thread stitches for a
lightweight finish. You can
sew Chainstitch and
Coverstitch (6 mm and 3
mm) for construction and
hemming. The Huskylock
s25 machine also features a
5-thread safety stitch, the
industrial standard used for
ready-to-wear fashion.
