The Sewing Machine Embroiderer's Bible Haynes Publishing Princeton is the northernmost southern town, according to Paul Robeson. Others have complained about its plantation mentality. This town, filled with wisdom and beauty, had nasty secrets to hide about its past. Plantation, is a historical novel paralleling the lives of three women: Daisy Gummere, an aristocrat

from South Carolina, Ida, an African American child growing up with her servant mother in the first plantation house built in Princeton in 1912, and Tina, an 18-year-old Italian immigrant who wants to become an opera singer. The book depicts their struggles to fit into a male dominated and insular society and reveals some of the historical secrets that haunt the town of Princeton until today. The story spans the years of 1912-2000 and includes features of the Titanic, War of the Worlds Radio Broadcast,

the Lindbergh baby, Albert Einstein, Woodrow Wilson, Paul Robeson, and other historical events particular to Princeton and its university.

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety,

occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.
