Twenty years after The Boys from the Barracks—chronicling the attempted coups in the 1980s—Criselda Yabes returned to the military in the field of Muslim Mindanao, where the struggle to find peace is taking place to end one of the country’s longest-running insurgencies. Says writer Patricio Abinales:

“(This book) is, as far as I know, the first intimate look at everyday life inside military camps. Yabes has given us portrait after portrait of soldiers and officers who fight the country’s internal wars—in all their nobility and their flaws.”

complex, and involves a combination of a supportive State, timely technology alliances, a skilled but historically low-paid workforce, aggressive pricing, savvy entrepreneurs, and fortuitous circumstances. Despite this amazing ascent, comparatively little has been written about the Korean auto industry in English. In the first of a two-volume set, this 11-chapter book seeks to help fill this void by providing in-depth examinations of all six of Korea's automakers from their beginnings through 1996. Uniquely written from the perspective of industry analysts at the time (without knowledge of the Asian Fiscal Crisis), the book should prove informative to practitioners, scholars, and students interested in automotive history, international political economy, Asian studies, and more. Shamanism has a contradictory position within the Korean cultural system, leading to the periodical suppression of shamanism yet also, paradoxically, ensuring its survival throughout Korean history. This book examines the place of shamans within contemporary society as a cultural practice in which people make use of shamanic ritual and disputing the prevalent view that shamanism is 'popular culture', a 'women's religion' or 'performing arts'. Directly confronting the prejudice against shamans and their paradoxical situation in a modern society such as Korea, this book reveals the cultural discrepancy between two worlds in Korean culture, the ordinary world and the shamanic world, showing that these two worlds cannot be

reconciled. This unique study of shamanism offers a significant contribution to growing studies in indigenous anthropology and indigenous religions, and provides a captivating read for a wide range of readers through retelling the stories-never-to-be-told involving shamanic ritual.

What drives a Caribbean man to pack his meager belongings, pick up his young family, and get on a plane bound for the Philippines, knowing that he has only enough money to get to New York? What makes him believe that they can survive in that distant country for three years when he doesn't even have enough money to get there in the first place? The answer is conviction—a strong conviction

based on several miracles, such as a mysterious old bent-over Vincentian woman appearing from nowhere and telling him to his face that he should become a pastor! Through *Miracles to Ministry* traces a long and often exciting journey marked by providential situations and supernatural events in the author's life. As you take this journey with him, especially from 2002 onward, you will be left shaking your head in acknowledgment that certainly, God was at work.

The author hopes that as you read, your attitude will be, "Hey, if God did this for him, he can do it for me."

"Jamie the Very Worst
Missionary" delivers a
searing, offbeat, often
hilarious memoir of spiritual
disintegration and re-
formation. As a quirky

Jewish kid and promiscuous
punkass teen, Jamie Wright
never imagines becoming a
Christian, let alone a
Christian missionary. She is
barely an adult when the
trials of motherhood and
marriage put her on an
unexpected collision course
with Jesus. After finding her
faith at a suburban
megachurch, Jamie trades in
the easy life on the cul-de-
sac for the green fields of
Costa Rica. There, along
with her family, she
earnestly hopes to serve God
and change lives. But faced
with a yawning culture gap
and persistent shortcomings
in herself and her fellow
workers, she soon loses
confidence in the missionary
enterprise and falls into a
funk of cynicism and
despair. Nearly paralyzed by
depression, yet still wanting
to make a difference, she

decides to tell the whole, disenchanted truth: Missionaries suck and our work makes no sense at all! From her sofa in Central America, she launches a renegade blog, Jamie the Very Worst Missionary, and against all odds wins a large and passionate following. Which leads her to see that maybe a "bad" missionary--awkward, doubtful, and vocal—is exactly what the world and the throngs of American dogooders need. The Very Worst Missionary is a disarming, ultimately inspiring spiritual memoir for well-intentioned contrarians everywhere. It will appeal to readers of Nadia Bolz-Weber, Jen Hatmaker, Ann Lamott, Jana Reiss, Mallory Ortberg, and Rachel Held Evans.

A very good Italian detective is investigating a case of a serial killer in Las Vegas. Given the way in which a number of people were killed in the city of lights, our American colleagues have thought of the Italian mafia. So, they asked for help from the Italian police who, from Rome, sent the beautiful detective Ella Palmeri. She was one of the finest detectives and criminologists at the time in Italy.

"This novel should come not with blurbs but with a hazardous-material warning: There's bone and gristle here, be ready for that taste in your mouth you can't spit out. First words to last, it's strong stuff." —James Sallis, author of *Drive* The first novel to appear in English by the "subway janitor by night, novelist by day," who began his writing career while an undocumented immigrant in the United States, *Like Flies from Afar* will demonstrate why K. Ferrari is already an award-winning star of international

crime fiction. A hardboiled noir thriller, a whodunit, a black comedy, and a filthy catalog of the excesses of wealth, this is a Jim Thompson novel for the globalized world. Mr. Luis Machi is an unforgettably loathsome and hilarious Argentinian oligarch who made his fortune collaborating with the worst elements of society—parasites, pushers, and secret policemen. He has a cocaine habit, a collection of three hundred ties, ten million dollars in the bank, and a bloody corpse in the trunk of his BMW . . . but as far as the body goes, he's completely innocent. He has no idea who the victim could be, or who among his many, many enemies might be trying to frame him for murder, and he doesn't have much time to find out . . .

Like Flies from Afar follows
Machi through twenty-four

solve this mystery, or at least
to make sure he isn't the one
