Most manufacturers recommend that you  
replace your timing belt every 60,000  
miles - or 5 years. Replacing a timing belt -  
or cambelt as it's also known - is made  
easier with a timing belt kit. This kit  
provides you with all the necessary  
components to repair a timing belt.

price.

When should you change your cambelt? -  
Confused.com

The cambelt, or timing belt, is one of the most  
crucial bits of kit in the engine. It's a rubber  
belt with teeth that synchronises the rotation  
of the crankshaft and the camshaft. What  
does a cambelt do? It regulates the way your  
engine works.

New timing belt (24312-27000) and the  
rollers are installed. But there is one  
legend, probably many have heard that  
you can not buy tensioner pulley and  
take the two-pass and change only the  
tensioner pulley.

*How to Replace a Hyundai Timing Belt | It  
Still Runs*

Hyundai used a 1.5L 12V engine in the  
Accent from 1995 to 2000. The 1.5L  
engine is an interference motor, which  
means that when the belt stretches past  
the scope of the tensioner, the valves will  
most likely hit the pistons and cause  
extensive engine damage. It takes about  
three hours to replace the timing belt and

no special tools are required.

Timing belt/chain replacement in the UK. You can book online and the mobile mechanics on our network will come and do the work on your doorstep, one way to make your life a little easier! Excellent rating - 4.7 out of 5 ( 7400+ reviews) Replace Timing Chain Manual for Hyundai Getz (2005-2009) On average, a cambelt requires replacement every 5 years or 100,000kms whichever comes first. It's a 'must do' job, just be prepared to spend a little more to reduce unwanted future repeat work. Always remember when shopping around for prices to make sure you ask lots of questions from all parties when estimates vary significantly. Timing Belt Replacing of CRDI Engine - Full- Repair.com Having the timing belt replaced on your Hyundai Getz at the recommended intervals will ensure that your vehicle remains in good running condition. Failure to do so can lead to engine failure when the timing belt fails – which usually requires expensive repairs! While the cost of having your timing belt replaced can be a bit of a shock, it's a lot cheaper than having to replace your engine due to a failure.

## Hyundai Getz Timing Belt/Chain Replacement Cost ...

I got a quote for a 50 000km service (my car has about 55000km) on my 2008 Hyundai Getz today and the mechanic said I would also need to have the belt replaced (for an extra \$800 too!! Ouch!). They say the belt needs changing at 60000km and 150000km. Everything I've read has said that the Hyundai Getz needs the timing belt replaced at around 90 000km.

## How to Know When to Replace Your Timing Belt

Hyundai. You should replace the timing belt on your Hyundai about every 60,000 miles. If you have a long commute or travel often in extreme weather, you may also have to replace its water pump at the same time. While that can be a costly repair package, preventative maintenance will save you thousands over time.
