Foundation and Safety Tasksheet Manual for NATEF Proficiency is designed to guide students through the foundation and safety techniques that NATEF has identified as “assumed knowledge” in preparation for the 8 ASE task areas. Organized by topic area, skills are grouped together for more efficient completion and are clearly labeled with CDX task numbers and the NATEF priority level to help students easily manage responsibilities. This manual will assist students in demonstrating hands-on performance of the foundation and safety skills necessary for initial training in the automotive industry. Used in conjunction with CDX Automotive, students will demonstrate proficiency in the foundational knowledge and safety

skills necessary for automotive inspection, service, and repair. In order to properly practice automotive service tasks and to qualify for industry employment, one must have a solid understanding of foundation and safety principles. This critical resource provides the essential groundwork necessary for a successful career in the automotive service industry. Critical topics covered include: identifying hazards, personal protection, basic first aid and CPR, procedural information, vehicle configurations, and more.
