This playful book shows what it looks like if cats could shout back, "No, humans are the worst!" Filled with watercolor illustrations that perfectly capture every moment of cat-titude, Cats Are the Worst is a relatable laugh for anyone who might agree that cats are the worst—but also, maybe, a little bit the best.

## Why Cats are Assholes Crown

Most people love cats. They're fluffy, playful, and can be a joy to have as a companion. However, they can also be huge assholes. So what can you do? How do you deal with a roommate who always seems to be plotting to kill you? While we all love sharing adorable photos of kittens, these frisky felines are known more for marching to the beat of their own drum than abiding by the rules. From running around your home at two in the morning, knocking everything off your shelves, or taking up most of your bed, these furry critters can be immensely selfish and disrespectful to those who give them endless love and affection. Why Cats Are Assholes is up for such a challenge. From studying their history all the way back to ancient Egypt, comedian Liz Miele—the daughter of veterinarians—digests the cat psyche to try and understand why they do the things they do, and how we, as their loyal servants, can handle domestic bliss with them around. With the help of her cat Pasta, Miele breaks down the common behaviors of cats in an attempt to try and better understand their plan of attack (if there is one), as well as what we can do to better prepare ourselves. Whether you have one, two, or twelve fur babies, Why Cats Are Assholes is the ultimate guide to better understanding your pet's behavior while taking back your home from these domesticated terrorists.

#### Opportunities and Challenges for Developing and Transition Economies Andrews McMeel Publishing

For centuries, cats have been worshipped, adored and mistrusted in equal measure. This beautiful gift book contains a selection of essays, stories, and poems on cats by writers from across the ages. In these pages, writers reflect on the curious feline qualities that inspire such devotion in their owners, even when it seems one-sided. Cats' affections are hard-won and often fickle. Freud considered his cat an embodiment of true egoism; Hilaire Belloc found peace in his feline companion's complacency; and Hemingway—a famous cat-lover—wrote of drinking with his eleven cats and the pleasant distraction they gave him. Edward Gorey can't turn down a stray despite the trouble they cause him, and admits he has no idea what they're thinking about; Muriel Spark gives practical advice on how to teach a cat to play ping-pong; Nikola Tesla, who helped design the modern electricity supply system, describes a seminal experience with a cat that first sparked his fascination with electricity; and Caitlin Moran considers the unexpected feelings of loss after the death of her family cat. These writers, and many others (including Mary Gaitskill, Alice Walker, Ursula K. Le Guin, John Keats, James Bowen, Lynne Truss, and more), paint a joyful portrait of cats and their mysterious and loveable ways. As Hemingway wrote, "one cat leads to another." The book features six black-and-white cat portraits by photographer Elliot Ross.
